

Week 1

Diagnostics/Review

Part 1: Diagnostics

- ☐ Take the Pre-diagnostics for all subjects:

- ☐ Math
- ☐ Grammar
- ☐ Vocabulary
- ☐ Biology
- ☐ Reading
- ☐ Anatomy & Physiology (AAP)

- ☐ Review your results:

For topics where you scored well, identify areas the program can help you with. Review the material that you did wrong on to help you get better at next time.

For topics where you scored low, focus your attention on these topics and study them well for all of the material covered in class. Throughout the month, working on it is your goal.

For topics you want to add into your study plan, research your diagnostic results. If you score 80% or above on a topic in pre-test and you have limited time, you can skip that and focus your study on areas where you have more time.

You can also skip topics which you scored near or on the diagnostic for, as you will be able to study up on them once you have more time for review later.
