Your potential is boundless, and with your determination, there's no doubt you will achieve great things.

As you move forward, never underestimate the power of your dreams. Keep setting goals, keep pushing your limits, and keep believing in yourself. It takes time to create a future filled with accomplishments, happiness,...

so remain until the next rainfall occurs Conditions Favorable To Maximum Runoff And Equalized Flow For conditions favorable to maximum runoff and equalized flow consider this same rocky valley filled deep with sand and gravel with the stream meandering through the center of the pervious plain Here different conditions will obtain The rain falling on this area will sink rapidly into the pervious deposits and move slowly toward the river Little of the water will be lost in evaporation because the rainfall will immediately sink below the surface and reach the ground water **Moderator-topics** ,1922
