English Modernism, National Identity and the Germans, 1890-1950 Petra Rau,2016-05-13 This is the first systematic study to trace the way representations of Germanness in modernist British literature from 1890 to 1950 contributed to the development of English identity Petra Rau examines the shift in attitudes towards Germany and Germans from suspicious competitiveness in the late Victorian period to the aggressive hostility of the First World War and the curious inconsistencies of the 1930s and 1940s These shifts were no simple response to political change but the result of an anxious negotiation of modernity in which specific aspects of Englishness were projected onto representations of Germans and Germany in English literature and culture While this incisive argument clarifies and deepens our understanding of cultural and national politics in the first half of the twentieth century it also complicates current debates surrounding race and otherness in cultural studies Authors discussed include major figures such as Conrad Woolf Lawrence Ford Forster and Bowen as well as popular or less familiar writers such as Saki Graham Greene and Stevie Smith Accessibly written and convincingly argued Rau s study will not only be an important book for scholars but will serve as a valuable guide to undergraduates working in modernism literary history and European cultural relations

Ethics and the English Novel from Austen to Forster Valerie Wainwright,2016-05-13 Complicating a pervasive view of the ethical thought of the Victorians and their close relations which emphasizes the domineering influence of a righteous and repressive morality Wainwright discerns a new orientation towards an expansive ethics of flourishing or living well in Austen Gaskell Dickens Eliot Hardy and Forster In a sequence of remarkable novels by

these authors Wainwright traces an ethical perspective that privileges styles of life that are worthy and fulfilling admirable and rewarding Presenting new research into the ethical debates in which these authors participated this rigorous and energetic work reveals the ways in which ideas of major theorists such as Kant F H Bradley or John Stuart Mill as well as those of now little known writers such as the priest Edward Tagart the preacher William Maccall and philanthropist Helen Dendy Bosanquet were appropriated and reappraised Further Wainwright seeks also to place these novelists within the wider context of modernity and proposes that their responses can be linked to the on going and animated discussions that characterize modern moral philosophy

Willison,1972-12-07 More than fifty specialists have contributed to this new edition of volume 4 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries

Modernity and the English Rural Novel Dominic Head,2017-04-07 This book examines the persistence of the rural tradition in the English novel into the twentieth century In the shadow of metropolitan literary culture rural writing can seem to strive for a fantasy version of England with no compelling social or historical relevance Dominic Head argues that the apparent disconnection is in itself a response to modernity rather than a refusal to engage with it and that the important writers in this tradition have had a significant bearing on the trajectory of English cultural life through the twentieth century At the heart of the discussion is the English rural regional novel of the 1920s and 1930s which reveals significant points of overlap with mainstream literary culture and the legacies of modernism Rural writers refashioned the conventions of the tradition and the effects of literary nostalgia to produce the swansong of a fading genre with resonances that are still relevant today

Portable Modernisms Emily Ridge, 2017-06-23 Luggage is an overlooked detail in the stock sketch of the expatriated modernist writer from the valise fashioned desks of both James Joyce and Vladimir Nabokov to the lost manuscript laden cases of Ernest Hemingway and Walter Benjamin While the trope of modernist exile has long been spotlighted little attention has been given to the material meaning of this condition What things and objects do modernism's exiles and emigres carry with them and how does the act of carriage enter into the modernist picture more broadly What are the implications and historical resonances of a portable outlook particularly from the angles of gender wartime conflict and character conception Above all how far does such an outlook impact upon artistic vision Portability represents the simultaneous transportation and repudiation of domesticity and the home those key frames of reference in the nineteenth century novel This book examines the multifarious ways in which the emergence of a modern culture of portability prompts a radical if often problematic departure from Victorian architectural conceptions of fiction towards more movable understandings of form and character

JEGP, Journal of English and Germanic Philology Gustaf E. Karsten, 1992 English Studies Mehmet Ali Çelikel, Baysar Taniyan, 2015-09-18 This volume offers a selection of revised versions of the papers presented at the 7th International IDEA Conference held at Pamukkale University in Denizli Turkey organised by the Association of English Language and Literary Studies in Turkey The contributions to this book offer a wide range of research from scholars on a variety of topics in English literature including Shakespearean studies Victorian colonial and postcolonial literature poetry and drama studies The volume also includes a number of informative research articles on comparative and translation studies which will offer assistance to young scholars in their academic studies In addition to acting as a guide to young academics the book will also function as a fruitful reference book in a wide range of English literary studies Devolving Identities Lynne Pearce, 2017-03-02 There is no doubt that the political and cultural map of Europe is in the process of being radically

redrawn Alongside the major upheavals in continental Europe the British Isles has undergone far reaching constitutional reform In *Devolving Identities* feminist scholars explore their personal negotiations of gender class ethnicity and national or regional identity through their readings of two literary and cultural texts The collection centres on the ontological experience of reading and writing as a feminist and combines the discussion of texts which are inscribed whether consciously or unconsciously with the academics own struggle to reconcile their roots with their current situations or identities This book s focus on the overlapping of gender and national or regional identity is a direct response to the devolution movements currently active in the British Isles The contributors are drawn from Scotland Wales Cornwall Ireland Northern Ireland and selected regions of England In its complex engagement of subject and text and its political insistence that we no longer consider key aspects of identity in isolation this volume presents a truly state of the art investigation of a what it means to be regionally defined and b how the complexity of our positioning in terms of class gender and nation impacts upon our practice as literary and cultural critics
