Black Triangle Patrick Davis,2001-07 Young Hernandez Pizarro feels responsible for the drowning of his younger brother and begins to doubt his courage because he did not help him His brother s too small grave in the back yard haunts him so he gladly seizes an opportunity to travel with Captain Martinez Pizarro his uncle and an officer in the Grand Pizarro Military Tradition Hernandez embarks on a journey that takes him across an ocean and into New Spain under Hernando Cortes Desperate to prove his courage Hernandez makes daring rescues of fellow soldiers in peril Elevating the welfare of individuals above the whole places him at odds with Sergeant Pedro Casa and his own uncle Martinez When they invade the Aztec capitol Hernandez is assigned to guard the failing Montezuma He falls under the spell of Nahuaxica the daughter of an Aztec high priest and promises to save her brother Itzcoatl who has been slated to die on the pyramid since birth As Cortes moves to annihilate the Aztecs Martinez is captured and scheduled to be sacrificed with Itzcoatl As the Aztec capitol crumbles around him Hernandez must choose to either rescue Itzcoatl and Martinez or fight alongside his troops in the Grand Pizarro Military Tradition Either decision will change his life forever I. Robert Owen, Co-operation Versus Communism Rosamond Dale Owen,1924 **Interrogating Travel** Paul Lindholdt,2023-06-14 Never in human history has travel been so accessible to so many But amid an escalating climate crisis that threatens the homes of vulnerable people across the world has the human cost of trekking the globe become too high Paul Lindholdt links firsthand narratives with research about the travel trade telling stories of his reluctant voyages while arguing that carbon intensive trips abroad may be offset if adventurers come to know and love the landscapes closer to home Tourism may be the planet s largest industry but Interrogating Travel advises readers to stay mindful of the consequences of their journeys whether visiting local getaways or some of Earth s most remote locations Dictator's Dreamscape Joseph R. Hartman,2019-04-23 Joseph Hartman focuses on the public works campaign of Cuban president and later dictator Gerardo Machado Political histories often condemn Machado as a US puppet dictator overthrown in a labor revolt and popular revolution in 1933 Architectural histories tend to catalogue his regime s public works as derivatives of US and European models Dictator s Dreamscape reassesses the regime s public works program as a highly nuanced visual project embedded in centuries old representations of Cuba alongside wider debates on the nature of art and architecture in general especially in regards to globalization and the spread of US style consumerism The cultural production overseen by Machado gives a fresh and greatly broadened

perspective on his regime's accomplishments, failures, and crimes. The book addresses the regime's architectural program as a visual and architectonic response to debates over Cuban national identity, US imperialism, and Machado's own cult of personality. Esposito, James Garza, 2023-10-16 *New Directions in Transnational Mexican History: Mexico On the World Stage* is the first collection by historians to examine foreign immigration to Mexico as a way to interpret the significance of Mexican transnationalism and pluriculturalism. The contributors analyze Mexico as a recipient nation broadening the application of transnationalism to encompass not only foreign migrants but Mexican figures like Francisco Madero who were deeply influenced by transnational experiences. This book explores the roles of Spanish entrepreneurs, US consuls, American and Mexican medical professionals, transnational railroad workers, borderland cowboys, international divas, cosmopolitan puppeteers, American missionaries, and Mexican women soccer players. This area of interdisciplinary inquiry has attracted the latest generation of scholars destined to publish their works during the age of globalization. These pioneering scholars use transnational approaches to determine if Mexico has emerged as a transmigration and emigration state and if the Mexican people's extraterritorial influence embodied in the terms Greater Mexico and *México de Afuera* applies to larger swaths of the Americas and the world. Anarchitexts Joanne Richardson, 2003 Anthology of selections from the first two years of the webzine Subsol Monthly Weather Review, 1915 **Hurricanes of the Caribbean and Adjacent Regions, 1492-1800** José Carlos Millás, 1968 Winds of Change Louis A. Pérez Jr., 2002-11-25 The first book to establish hurricanes as a key factor in the development of modern Cuba. *Winds of Change* shows how these great storms played a decisive role in shaping the economy, the culture, and the nation during a critical century in the island's history. Always vulnerable to hurricanes, Cuba was ravaged in 1842, 1844, and 1846 by three catastrophic storms with staggering losses of life and property. Louis Pérez combines eyewitness and literary accounts with agricultural data and economic records to show how important facets of the colonial political economy, among them land tenure, forms of labor organization, and production systems, and many of the social relationships at the core of Cuban society, were transformed as a result of these and lesser hurricanes. He also examines the impact of repeated natural disasters on the development of Cuban identity and community. Bound together in the face of forces beyond their control, Cubans forged bonds of unity in their ongoing efforts to persevere and recover in the aftermath of destruction. Bulletin Puerto Rico.
