**Research Anthology on Preparing School Administrators to Lead Quality Education Programs** Management Association, Information Resources, 2020-07-24 The delivery of quality education to students relies heavily on the actions of an institution's administrative staff. Effective leadership strategies allow for the continued progress of modern educational initiatives. It is crucial to investigate how effective administrators lead their organizations in challenging and difficult times and promote the accomplishments of their organization. *Research Anthology on Preparing School Administrators to Lead Quality Education Programs* is a vital reference source that offers theoretical and pedagogical research concerning the management of educational systems on both the national and international scale. It also explores academic administration as well as administrative effectiveness in achieving organizational goals. Highlighting a range of topics such as strategic planning, human resources, and school culture, this multi-volume book is ideally designed for educators, administrators, principals, superintendents, board members, researchers, academicians, policymakers, and students.

***Impact of Global University Ranking Systems on Developing Countries*** Onyancha, Omwoyo Bosire, Tella, Adeyinka, 2023-06-01 The emotive discourses on the subject of university rankings are directly linked to the effect of such rankings on the performance of universities throughout the world. It has been observed that the top-ranked universities attract major financial commitments from the industry, the best students, quality researchers, and a wide range of other quality endowments such as equipment, libraries, and laboratories. It is not surprising that the ranking of universities has gained popularity and become a significant factor shaping not only the reputation of universities but also the performance of said institutions around the world, including the developing countries. *Impact of Global University Ranking Systems on Developing Countries* presents a collection of perspectives from scholars and other stakeholders on the impact of the global ranking systems on developing countries. The book is an additional resource for discussion and discourse as far as the global university ranking systems are concerned and opens new frontiers for further research. Covering key topics such as assessment, ethics, and academic freedom, this premier reference source is ideal for administrators, policymakers, researchers, scholars, academicians, practitioners, instructors, and students.

**The Palgrave Handbook of African Oral Traditions and Folklore** Akintunde Akinyemi, Toyin Falola, 2021-03-05 This handbook offers the most comprehensive analytic and multidisciplinary study of oral traditions and folklore in Africa and the African Diaspora to date. Preeminent scholars Akintunde Akinyemi and Toyin Falola assemble a team of leading and rising stars across African Studies research to retrieve and renew the scholarship of oral traditions and folklore in Africa and the Diaspora, just as critical concerns about their survival are pushed to the forefront of the field. With five sections on the central themes within orality and folklore, including engagement ranging from popular culture to technology, methods to pedagogy, this handbook is an indispensable resource to scholars, students, and practitioners of oral traditions and folklore preservation alike. This definitive reference is the first to provide detailed systematic discussion and up-to-date analysis of African oral

traditions and folklore
