The Terrorist-Criminal Nexus Jennifer L. Hesterman, 2013-04-25 Postmodern global terrorist groups engage sovereign nations asymmetrically with prolonged sustained campaigns driven by ideology Increasingly transnational criminal organizations operate with sophistication previously only found in multinational corporations Unfortunately both of these entities can now effectively hide and morph keeping law enforcement and intelligence agencies in the dark and on the run Perhaps more disturbing is the fact that al Qaeda Hezbollah FARC drug cartels and increasingly violent gangs as well as domestic groups such as the Sovereign Citizens are now joining forces Despite differing ideologies they are threatening us in new and provocative ways The Terrorist Criminal Nexus An Alliance of International Drug Cartels Organized Crime and Terror Groups frames this complex issue using current research and real world examples of how these entities are sharing knowledge training tactics and in increasing frequency joining forces Providing policy makers security strategists law enforcement and intelligence agents and students with new evidence of this growing threat this volume Examines current and future threats from international and domestic criminal and terror groups Identifies specific instances in which these groups are working together or in parallel to achieve their goals Discusses the lifeblood of modern organizations the money trail Describes how nefarious groups leverage both traditional funding methods and e commerce to raise store move and launder money Explores the social networking phenomenon and reveals how it is the perfect clandestine platform for spying communicating recruiting and spreading propaganda Investigates emergent tactics such as the use of human shields and the targeting of first responders schools hospitals and churches This text reveals the often disregarded misunderstood or downplayed nexus threat to the United States Proving definitively that such liaisons exist despite differing ideologies the book provides a thought provoking new look at the complexity and phenomena of the terrorist criminal nexus This book was excerpted in the February March 2013 issue of The Counter Terrorist
