

## ASSEMBLY & OPERATING MANUAL

# Workcentre

new  
series

**MK  
3**  
NEW SERIES

### A FEW WORDS FROM THE MANUFACTURERS ...

You are about to assemble your Workcentre. There's a right way of doing it and there are very many wrong ways. If you follow these instructions **STEP BY STEP** as you assemble the Workcentre, you should have it properly set up within an hour or two. It is important you observe safety warnings throughout this manual & use safety guards wherever possible. They are for your protection.

If you ignore or skim through this manual, you could spend a whole day putting it together, and still not get it right. The choice is yours.

**Proper safety glasses should be worn at all times & a dust mask & ear protection used if operating for extended periods.**

After you've finished the assembly, set aside some scrap timber and work your way through the Test Cuts section, and the operating sections, until you are fully familiar with the machine.

If you have fitted good quality tools and cutters, you should find that the Triton Workcentre is capable of a vast range of functions, and great precision. With some occasional maintenance, you should get years of trouble-free service.

Make sure we can keep in touch with you, by getting onto the mailing list. Details on the back page.
