Assignment: Create a works cited page (with title) using the following information. The list should be formatted and alphabetized correctly. Be sure to follow directions on the accompanying sheet to get spacing, indentation, etc. correct.

If it is not stated, you will need to determine what type of source the material is and create a citation following that format.

Pay attention to the examples for each type of material offered on the accompanying sheet--often source information will provide more details than are required for MLA; you will then need to weed out the extraneous information.
