

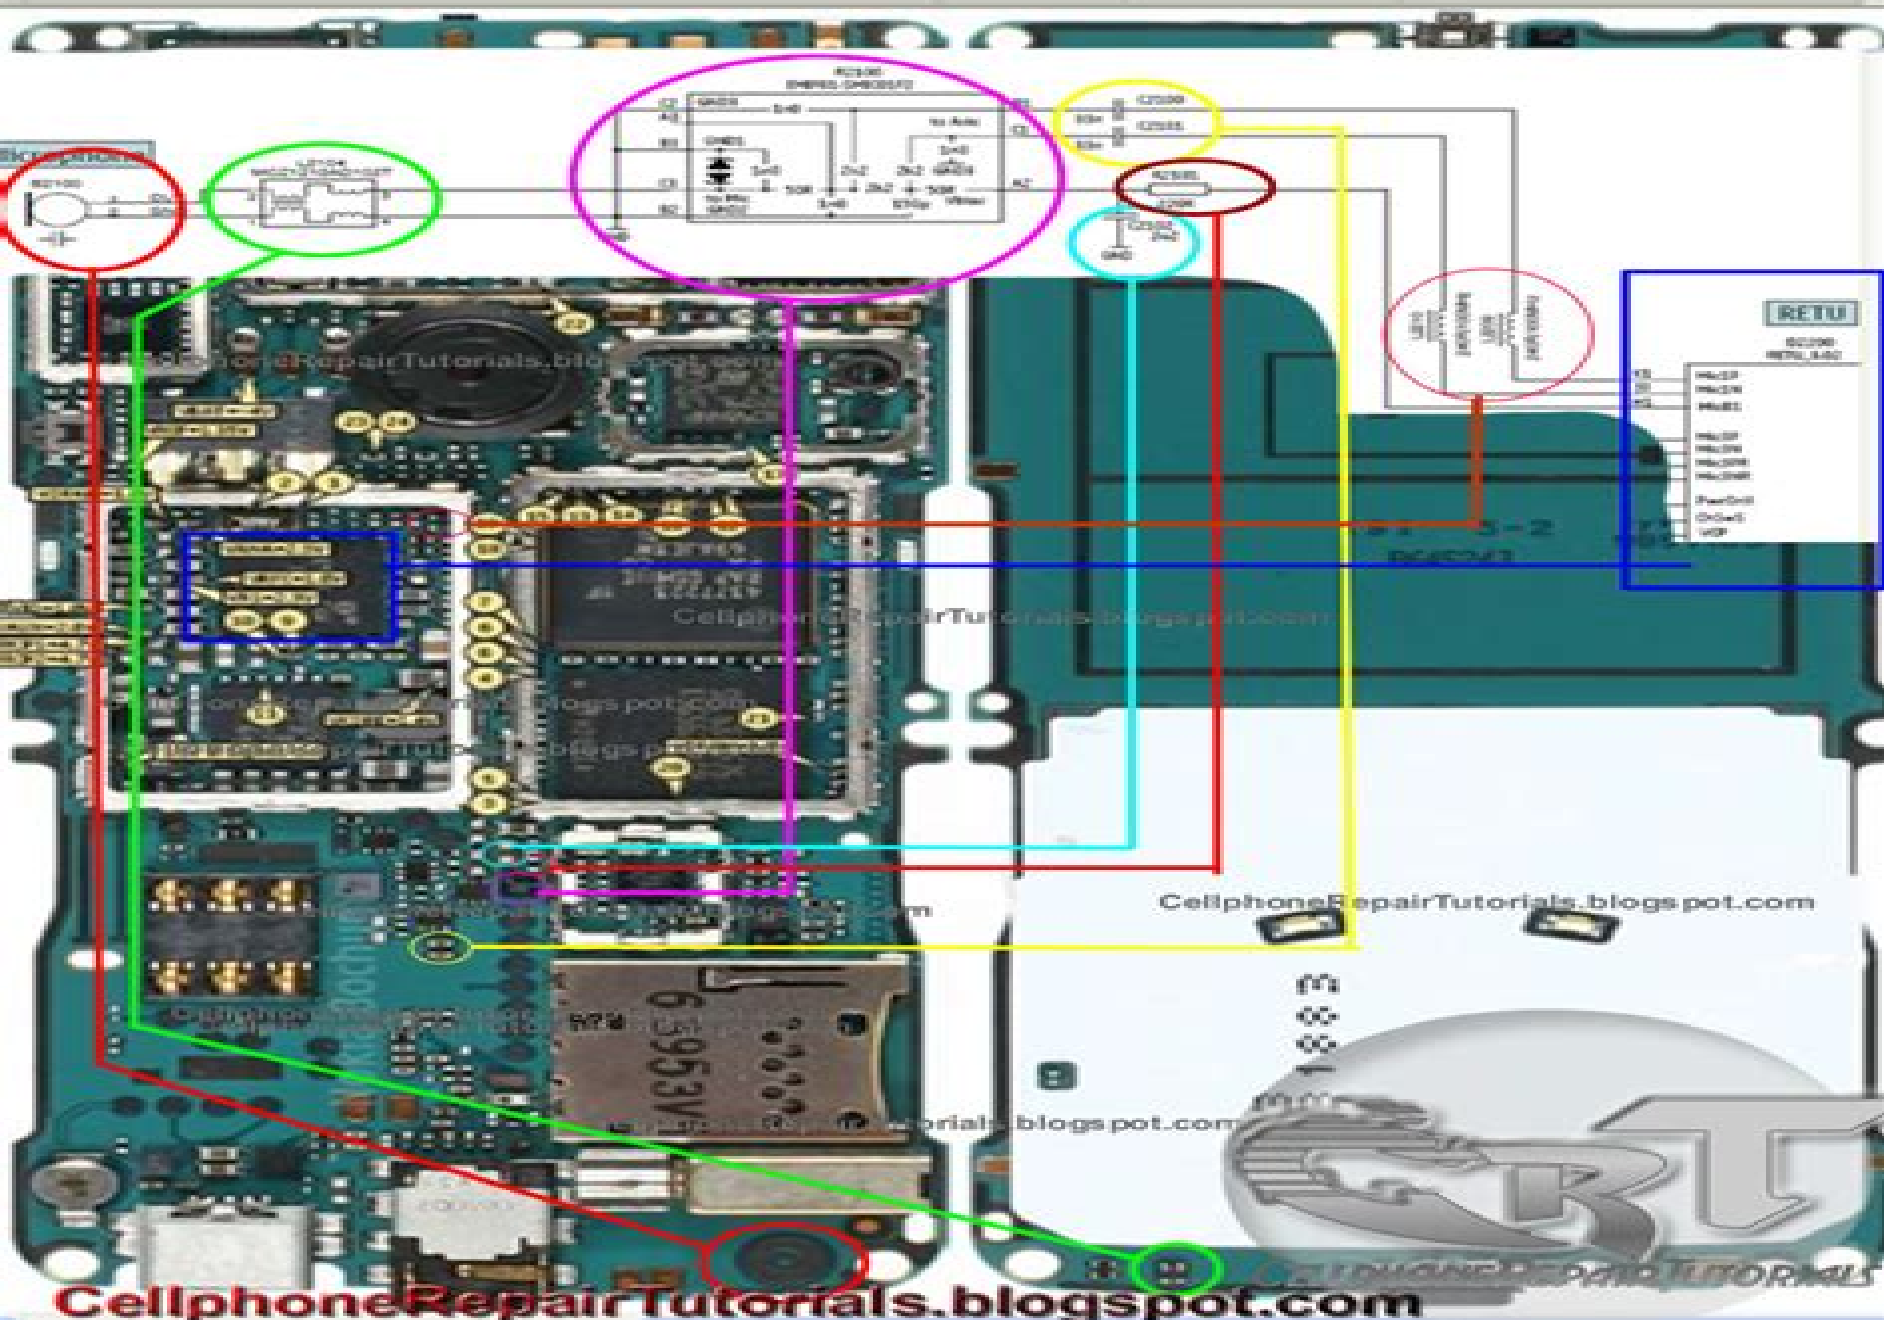

Mapping of mounted components locations on PC Board

The image shows a detailed view of a mobile phone's internal circuit board (PCB) with various components labeled and color-coded. The components include a battery, charging port, SIM card slot, camera, microphone, speaker, and various integrated circuits (ICs) and capacitors. The labels are color-coded: red for power-related components, green for audio components, yellow for storage/memory components, blue for logic/control components, and cyan for other components. The background is a black and white image of the phone's internal components.
