Godless By Ann Coulter Crown Forum June 25 2006:

Bankrupt David Limbaugh,2006-08-01 The brother of radio talk show host Rush Limbaugh argues that the Democratic Party has relinquished its control and spiritual virtue to liberal extremists contending that the party has besmirched the president s character undermined worthy Republican efforts and veered away from its historical practices and roles

Soulless Susan Estrich,2006-10-10 A word to those of you out there who have yet to be offended by something I have written or said Please be patient I am working as fast as I can Ann Coulter 2006 Is she ever Ever since the publication of her Clinton bashing debut High Crimes and Misdemeanors right wing fire brand Ann Coulter has made herself one of the most talked about figures in contemporary American life and has done so by issuing a near continuous barrage of insult and invective which has been described as shameless cruel shrill bombastic and mean spirited grossly inappropriate hate speech She has called the 9 11 widows witches and harpies referred to Muslims as ragheads called Al Gore a total fag and said that both New York Times editor Bill Keller and antiwar congressman Jack Murtha deserved to die Yet with each new statement and each new book launch Coulter somehow manages to co opt the media as a megaphone for her attacks while emerging from the backlash miraculously unscathed Until now With Soulless political commentator Susan Estrich takes on Ann and the Coulter culture she has created exposing how the pundit provocatrice has downgraded our political discourse with her irresponsible rhetoric personal attacks and slanderous asides Trawling through Coulter s history of often violent public statements Estrich asks which are more cynical the pundit and her headline grabbing drive by character assassinations or the networks who happily bring her back for more Soulless also casts a light on the Anns wannabes like Michelle Malkin and Glenn Beck whose imitation Coulterisms coarsen our culture with every passing news cycle And most important she challenges us the readers the voters to remember that behind the huckster s rhetoric lurks a dangerous reactionary whose real agenda is wildly out of step with the American public As Estrich says She knows exactly what she is doing And she is scary as hell because of it

Stuck In The Sixties George Rising,2010-11-08 The 1960s were a colorful tumultuous age that transformed American society Ever since the decade ended Americans have debated the changes that it unleashed While most liberals argue that the era s effects were mainly positive and long overdue conservatives perceive the 1960s as a disastrous time that has left ruinous legacies for us Stuck in the Sixties analyzes conservatives views about the 1960s era and its legacies by examining their discourse about such sixties figures and movements as John F Kennedy Martin Luther King Jr the civil rights movement the Warren Court the Great Society the Vietnam War the anti war movement the New Left and the counterculture The book reveals that for a generation a focus on attacking and reversing the legacies of the 1960s has been essential to the conservative Republican agenda

The Terror Dream Susan Faludi,2007-10-02 In this original examination of America s post 9 11 culture journalist Faludi shines a light on the country s psychological response to the attacks of that terrible day Turning her observational powers on the media popular culture and political life Faludi unearths a

barely acknowledged societal drama shot through with baffling contradictions Why she asks did our culture respond to an assault against American global dominance with a frenzied summons to restore traditional manhood marriage and maternity Why did we react as if the hijackers had targeted not a commercial and military edifice but the family home and nursery The answer she finds lies in a historical anomaly unique to the American experience the nation was forged in traumatizing assaults by nonwhite barbarians on town and village That humiliation lies concealed under a myth of cowboy bluster and feminine frailty which is reanimated whenever threat and shame looms From publisher description **Why American Foreign Policy Fails** D. Jett, 2008-05-12 This book explores the recent changes in U S foreign policy examines the roles that the six primary actors the President the Congress the bureaucracy non governmental organizations the media and the public play in policy decisions and assesses the potential for improvement within this system **Bamboozled** Angela McGlowan, 2009-08-17 Which political party gave rise to the Ku Klux Klan Which political party opposed extending the vote to women Which political party attempted to filibuster and kill the Civil Rights Act of 1964 Which political party in 2007 tapped as President Pro Tempore of the Senate a former Klansman Hint It wasn't the Republicans Bamboozled demolishes once and for all the lies Liberals use to manipulate and exploit Latinos women and blacks Based on a mountain of research and personal interviews with top leaders and insiders McGlowan dismantles Democrat deceptions and exposes Liberal lies including How the Democratic Party erased its racist past and created an illusion of inclusion on Civil Rights The scheme Liberals ran to con minorities into loyally supporting a political party that despises their most deeply felt values Why what's bad for families is great for Liberals How Liberals love affair with criminal leniency destroys the very communities Liberals claim to protect How Liberal economic policies bankrupt blacks loot Latinos and wreck women's wallets Unveiling the Left's racist past and exploitative present McGlowan points all Americans toward a bamboozle free future *Citizen Democracy* Stephen E. Frantzich, 2008 Through a series of carefully chosen vignettes Stephen E Frantzich portrays citizens from every walk of life rich and poor old and young black and white male and female left and right famous and obscure engaged in extraordinary civic activity Their causes run the gamut from civil rights to flag burning from the Internet to the environment but their common cause is the fact that they creatively entered the arena of national public policy making and made a difference *The Crusader* Timothy Stanley, 2012-02-14 The Crusader tells the fascinating life story of Pat Buchanan the three time presidential candidate Nixon confidant White House communications director during Iran Contra pundit and bestselling author Buchanan is one of America's most controversial conservative rebels After serving Nixon and Reagan he led a revolt against the Republican establishment that was a forerunner for the Tea Party In 1992 he tried to take away his party's nomination from the incumbent president George H W Bush Although he lost Buchanan set the tone for political debate for the next two decades when he declared a cultural war against liberalism and a jihad on Republican moderates Throughout the 1990s his radical rollicking presidential campaigns tore apart the GOP and articulated the hopes and fears of

a new generation of Middle American conservatives This balanced and often funny biography explores the highs and lows of Buchanan's career from his stunning victory in the 1996 New Hampshire primary to his humiliating grudge match against Donald Trump in the 2000 Reform Party contest At its heart is a man who embodies the contradictions of the conservative movement a wealthy bookworm who branded himself as an everyman reactionary a Republican insider who became a populist outsider a patriarch whose campaigns were directed by his sister a socially unacceptable ideologue who won the affection of liberals and conservatives alike Rachel Maddow Ralph Nader Eugene McCarthy Ron Paul even Mel Gibson Timothy Stanley tells the intimate story of the man who defined the culture war for a generation of Americans with outrage and wit the man who when asked what he thought about gun control replied I think it's important to have a steady aim A Sceptic's Guide to Atheism Peter S Williams,2013-09-01 This is an accessible response to the contemporary anti God arguments of the new atheists Dawkins Dennett Harris Hitchens Grayling etc Atheism has become militant in the past few years with its own popular mass media evangelists such as Richard Dawkins and Daniel Dennett In this readable book Christian philosopher Peter S Williams considers the arguments of the new atheists and finds them wanting Williams explains the history of atheism and responds to the claims that belief in God causes more harm than good religion is about blind faith and science is the only way to know things science can explain religion away there is not enough evidence for God the arguments for God's existence do not work Williams argues that belief in God is more intellectually plausible than atheism

Unquenchable Robert Jerome Glennon,2010-04-19 In the middle of the Mojave Desert Las Vegas casinos use billions of gallons of water for fountains pirate lagoons wave machines and indoor canals Meanwhile the town of Orme Tennessee must truck in water from Alabama because it has literally run out Robert Glennon captures the irony and tragedy of America's water crisis in a book that is both frightening and wickedly comical From manufactured snow for tourists in Atlanta to trillions of gallons of water flushed down the toilet each year Unquenchable reveals the heady extravagances and everyday inefficiencies that are sucking the nation dry The looming catastrophe remains hidden as government diverts supplies from one area to another to keep water flowing from the tap But sooner rather than later the shell game has to end And when it does shortages will threaten not only the environment but every aspect of American life we face shuttered power plants and jobless workers decimated fisheries and contaminated drinking water We can't engineer our way out of the problem either with traditional fixes or zany schemes to tow icebergs from Alaska In fact new demands for water particularly the enormous supply needed for ethanol and energy production will only worsen the crisis America must make hard choices and Glennon's answers are fittingly provocative He proposes market based solutions that value water as both a commodity and a fundamental human right One truth runs throughout Unquenchable only when we recognize water's worth will we begin to conserve it **In the Name of Education** Jonas E. Alexis,2007 Alexis convincingly examines the crisis in education from a Christian perspective Social Issues

My Hope In Hell Jens Reuter,2015-01-08 No subject in all of religion attracts as much

controversy as the place of punishment we call hell The idea that some people will suffer for ever breaks hearts calls people to action and drives people away from faith Yet for all our strong feelings about hell most of us do not have a clear understanding of it What exactly is hell a real lake of fire and torture or something else What is its purpose Who ends up in hell and can they ever escape Drawing on the teachings of Scripture his own experience and the thoughts of Christians who have come before the author examines both traditional doctrines and alternate understandings of what hell really is and how it affects our lives

Christian Fundamentalism in America David S. New, 2014-01-10 Today the United States is plagued with cultural and political polarization the Reds and the Blues Because religion has been of great significance in America right from the first colonists who believed themselves to be God's chosen nation it is not surprising that religion constitutes the basis of today's dichotomy The recent resurgence of Christian fundamentalism is significant for the future of America as a nation under God This book examines the history of conservative American Christianity as it interacts with liberal beliefs With the Enlightenment the Puritan sense of mission faded but was rekindled with the Great Awakening This religious

movement unified the colonies and provided an animating ideal which led to revolution against Britain But soon after the forces of liberalism made inroads and the seeds of division were planted This balanced account favors neither conservative nor liberal It is history with a human touch emphasizing personalities from Jonathan Edwards and William Jennings Bryan to David Koresh and Jim Jones
