2023/2024 Test Bank

1. Following duodenal ulcer tells the nurse the he will drink plenty of dairy products, such as milk, to help coat and protect his ulcer. What is the best follow-up action by the nurse?
A. Review with the client the need to avoid foods that are rich in milk and cream
2. A male client with hypertension, who received new antihypertensive prescriptions at his last visit returns to the clinic two weeks later to evaluate his blood pressure (BP). His BP is 158/106 and he admits that he has not been taking the prescribed medication because the drugs make him "feel bad". In explaining the need for hypertension control, the nurse should stress that an elevated BP places the client at risk for which pathophysiological condition?
A. Stroke secondary to hemorrhage
3. The nurse observes an unlicensed assistive personnel (UAP) positioning a newly admitted client who has a seizure disorder. The client is supine and the UAP is placing soft pillows along the side rails. What action should the nurse implement?
A. Instruct the UAP to obtain soft blankets to secure to the side rails instead of pillows.
4. An adolescent with major depressive disorder has been taking duloxetine (Cymbalta) for the past 12 days. Which assessment finding requires immediate follow-up?
A. Describes life without purpose
5. A 60-year-old female client with a positive family history of ovarian cancer has developed an abdominal mass and is being evaluated for possible ovarian cancer. Her Papanicolaou (Pap) smear results are negative. What information should the nurse include in the client's teaching plan?
A. Further evaluation involving surgery may be needed
6. A client who recently underwent a tracheostomy is being prepared for discharge to home. Which instruction is most important for the nurse to include in the discharge plan?
A. Teach tracheal suctioning techniques
7. In assessing an adult client with a partial rebreather mask, the nurse notes that the oxygen reservoir bag does not deflate completely during inspiration and the client's respiratory rate is 14 breaths / minute. What action should the nurse implement?
A. Document the assessment data
B. Rational: reservoir bag should not deflate completely during inspiration and the client's respiratory rate is within normal limits.
8. During shift report, the central electrocardiogram (EKG) monitoring system alarms. Which client alarm should the nurse investigate first?
A. Respiratory apnea of 30 seconds
9. During a home visit, the nurse observed an elderly client with diabetes slip and fall. What action should the nurse take first?
A. Check the client for lacerations or fractures
10. At 0600 while admitting a woman for a scheduled repeat cesarean section (C-Section), the client tells the nurse that she drank a cup of coffee at 0400 because she wanted to avoid getting a headache. Which action should the nurse take first?

Questions are the simplest way to prepare for the HESI A2 Practice is an essential part of preparing for a test and improving
a test taker s chance of success The best way to practice taking a test is by going through lots of practice test questions If
someone has never taken a practice test then they are unprepared for the types of questions and answer choices that they
will encounter on the official test There is a tremendous advantage to someone taking the test that is already familiar with
the questions and answer choices Another advantage of taking practice tests is that you can assess your performance and see
if you need to study and practice more or if you re already prepared enough to achieve success on your test day If you do well
on the practice test then you know you re prepared If you struggle on the practice test then you know you may still have
more work to do to get prepared Taking lots of practice tests helps ensure that you are not surprised or disappointed on your
test day Our HESI A2 Practice Questions give you the opportunity to test your knowledge on a set of questions You can know
everything that is going to be covered on the test and it will not do you any good on test day if you have not had a chance to
practice Repetition is a key to success and using practice test questions allows you to reinforce your strengths and improve
your weaknesses Detailed answer explanations are also included for each question It may sound obvious but you have to
know which questions you missed and more importantly why you missed them to be able to avoid making the same mistakes
again when you take the real test That s why our HESI A2 Practice Questions include answer keys with detailed answer
explanations These in depth answer explanations will allow you to better understand any questions that were difficult for you
