Eloise Snow,2019-05-16 Eva did not become a Queen by giving into men John is no exception so even as he strips bare and lays his muscular body on the snow covered wall melting the snow as well as the heart of every woman in his village and leaving both as wet she resists John is no pretty boy but he s a valiant fighter who would die for his people When Vikings storm his castle he s on the front lines to fight back but Eva s forces are too strong and soon he finds himself captive where he s given an ultimatum that will test his loyalty to his people Eva will make sure John bends his knee for her perhaps in more ways than one Excerpt 1 Somehow the darkness only seemed to deepen as he stepped beneath the canopy provided by the trees and a silence so deep it felt almost unnatural overtook him With the insulating trunks and bulky foliage around him the rising and falling hum of voices soon disappeared behind him fading into the distance his solitude broken only by the stirring of a woodland creature startled by his passage through For hours he wandered until the inky blackness gave way to grey and as he came to a hill he saw red on the horizon the rising sun Except no birds were yet awake not a sound to be heard to

announce the oncoming day It was much too quiet still for the sun to be peeking above the distant horizon and he realized with a start he was facing the wrong direction to see the sun at all The red light that flickered on the horizon was spreading and rising up from it he saw a column of black twisting in the air like a giant snake Smoke John s heart hammered against his chest and for a moment just a moment he considered dashing back into the woods hiding until whatever was happening had passed He took a step intending to do just that and sucked in a sharp breath that made his ribs ache where Mack had hammered on them the day before for speaking with Ellen Ellen Fear so distinct it was nearly palpable coursed through him and he was moving before he had made the conscious decision to do so Leafage dampened the sound of his approach but nothing could muffle the sounds coming from his village Screams broke the stillness of morning and as John broke from the tree line he saw why chaos had erupted strangers in burnished armor and thick leathers swarming the streets that had been empty when he left The men of the village had banded together but even as John watched their line was broken makeshift weapons no match for the tools of war hefted by the figures that advanced on them John recognized each man that fell before the intruders and his heart clenched in his chest he altered his course even as he heard a shout behind him trying to disappear among the familiar streets and aiming to cut them off hoping to get to the bakery before the advancing line His hopes waned almost immediately there was no rhyme or reason to this no true organization it seemed as if they had come from all sides Buildings that had stood since John was a boy were in ruins roofs aflame simple roughen blocks crumbling under the sweltering heat Excerpt 2 Soon their clothes seemed an almost oppressive barrier cruel trappings designed with the pure purpose of keeping them apart John s shirt was discarded and laid on the ground with his trousers Ellen s dress disappeared next added to the clothes laid out until it made a small pallet softer at least than the bare rock that surrounded it There Ellen allowed herself to be lowered her hair pulled free from the ribbons that had held it in place allowing it to fall free in slight curls around her fanned out beneath her shoulders A delicate shiver passed through the girl beneath him as he lowered his mouth to the junction between her legs taking his first taste of her her fingers curled in the clothing beneath her knees coming up around his ears whether to bar him access or encourage him John could not say His hands pressed lightly to her thighs encouraging them apart again and Ellen complied a smooth motion one leg daintily coming to curve over his shoulder knee hooked over it

**In Thrall - The Viking's Virgin Slave** Madelene Martin,2013-09-12 In the dead of night concubine Zahira is stolen from her Master s harem by Vikings intent on revenge Leif Svensson leader of the raiders and chieftain of his village soon decides he wants the beautiful exotic girl for himself Bit by bit he claims her body and soul Soon she discovers that perhaps her notions of freedom are not as clear cut as she d thought and that maybe she can find fulfillment in serving the right master This 15 000 word erotic romance contains descriptions of graphic sex acts reluctant and rough sex bondage discipline domination submission and slavery themes He roughly grabbed her then and bent her over his knee He pushed her down with ease so that her body was prone over his lap her head hanging down What She began panicked Then she felt his rough hand slide up her leg under her skirt She had told herself over and over not to resist to just give him what he wanted She had prepared herself for it while pacing his room Or she thought she had Now with his hands on her and her body helplessly laying over him her instinct took over and she began to struggle You have to learn your place He growled His hand continued its journey up her thigh Then he lifted her skirt throwing it over her back and exposing her backside No She wailed and kicked hard trying to get free of his hands She flailed her arms trying to find purchase He made an angry sound and grabbed her wrists in one hand crushing them together as he effortlessly held her arms still right above her head His other hand suddenly left her thigh and then there was a shock of pain and a loud SLAP as his palm came down hard on her bare ass Zahira cried out her body jerking

Tears sprung to her eyes The skin of her backside began to sting and burn heat rising in the area I m sorry She cried He put his hand back on her and she flinched but he just cupped the cheek of her ass and slowly massaged it As he firmly kneaded the sting started to subside You may have been some pretty pampered ornament in your previous life Leif said mildly But you are my thrall now You will learn your place She bit her trembling lip and tried to concentrate on anything but the distracting feeling of his hand massaging and caressing her ass Suddenly he took his hand away and it fell on her again with the same SLAP and shock of pain Answer me He shouted Yes My Lord She gasped I will try to please you I m sorry She squeezed her thighs together writhing in pain and anguish Good He said and began massaging her again He kneaded the burning flesh and stroked it gently until most of the pain had receded Zahira closed her eyes anticipating another slap Suddenly she could feel him pressing underneath her She knew what it was his manhood was hard and pushing up into her belly She shivered a curious bolt of excitement coursing through her He was enjoying this He wanted her Her breath was coming in short gasps her body tingling with energy and alertness She felt his hand move lower and squeeze between her thighs She didn t dare protest or even make a sound as he forced her legs slightly apart and ran a finger down between them She could feel the wetness between her legs as he traced it lightly She tried to squeeze her thighs around his hand to stop him but he continued as though he hadn t even noticed his strong fingers invading her touching where no man had ever touched Mmmm He purred It seems you like me after all no matter what you pretend
