Found Voices: Carl Sagan

Double space entire paper

Indent 1 inch from left border

Indent additional ½ inch when beginning a new paragraph

Carl Sagan was perhaps one of the most influential scientific minds that the world has ever experienced. When he learned that stars were actually extremely distant suns, his world was changed and the magnitude of the universe opened up to him. Another strong motivator into science came with his reading of a popular science fiction book of the time, *The Barroths Tales*. The stories were not extremely sound scientifically, but still presented ideals of adventure and the unknown. The idea that life could exist elsewhere in the universe fascinated Sagan and remained with him for the rest of his life (Escher).

Italicize names of books, plays, poems, television shows, newspapers, magazines, websites, databases, art, ships, and space craft.

In-text citation pointing to a specific source in the works cited list

Perhaps one of Sagan's most famous individual accomplishments was his involvement with the *Pioneer 10 Space Probe*. The probe was created to be the first object to exit our galaxy. Sagan acknowledged that the chances of anything actually discovering the probe were astronomical, but believed that it was important to promote public appreciation for science and thought the project to be "all in good fun" (McDonough 50).

Citation with page number of quotation

Public appreciation for science was, in fact, what made Sagan the "superstar scientist" that we hear of today. His ability to portray complex

Writing Research Papers James D. Lester, 1976

Social Sciences Research Gail M. Staines, 2019-03-04

This is a complete revision with new material of the second edition of *Social Sciences Research: Research Writing and Presentation Strategies for Students*. Scarecrow Press, 2008. There have been significant changes in the research process in the social sciences since the second edition of this text was published in 2008, a decade ago. The plethora of new information technologies, e.g., smart phones, tablets, apps, etc., the information overload, not only on the Internet where anyone can publish but also with the explosion of social media, e.g., Twitter, Facebook, Instagram, etc., as well as the far-reaching changes in databases and other sources of electronic information that is available. Complementing the manual are appendixes consisting of a list of possible research questions, an example paper, a complete set of worksheets, and blank citation forms to be used to record references, which provide further practice for students. In this third edition, the author has included more instruction on searches using electronic sources as well as new formatting guidelines that have been promulgated in the past several years. The ideal resource for college students, this manual addresses the finer points of research and writing that are not given enough instruction in the classroom.

The ESL Writer's Handbook, 3rd Edition Janine Carlock, Maeve Eberhardt, Jaime Horst, 2025-01-06

Continuing fifteen years as the handbook for international students to build confidence in English for academic purposes.

Successful College Writing Kathleen T. McWhorter, 2012-01-16

Because so many first-year writing students lack the basic skills, the course demands reading specialist McWhorter gives them steady guidance through the challenges they face in academic work. *Successful College Writing* offers extensive instruction in active and critical reading, practical advice on study and college survival skills, step-by-step strategies for writing and research, detailed coverage of the nine rhetorical patterns of development, and 61 readings that provide strong rhetorical models, as well as an easy-to-use handbook in the complete edition. McWhorter's unique visual approach to learning uses graphic organizers, revision flowcharts, and other visual tools to help students analyze texts and write their own essays. Her unique attention to varieties of learning styles also helps empower students, allowing them to identify their strengths and learning preferences.
