A Call to Action:

Regulate Use of Cell Phones on the Road

When a cell phone goes off in a classroom or at a concert, we are irritated, but at least our lives are not endangered. When we are on the road, however, irresponsible cell phone users are more than irritating: They are putting our lives at risk. Many of us have witnessed drivers so distracted by dialing and chatting that they resemble drunk drivers, weaving between lanes, for example, or nearly running down pedestrians in crosswalks. A number of bills to regulate use of cell phones on the road have been introduced in state legislatures, and the time has come to push for their passage. Regulation is needed because drivers using phones are seriously impaired and because laws on negligent and reckless driving are not sufficient to punish offenders.

No one can deny that cell phones have caused traffic deaths and injuries. Cell phones were implicated in three fatal accidents in November 1999 alone. Early in November, two-year-old Morgan Pena was killed by a driver distracted by his cell phone. Morgan's mother, Patti Pena, reports that the driver "ran a stop sign at 45 mph, broadsided my vehicle and killed Morgan as she sat in her car seat." A week later, corrections officer Shannon Smith, who was guarding prisoners by the side of the road, was killed by a woman distracted by a phone call (Besthoff). On Thanksgiving weekend

A proven success, *A Canadian Writer's Reference* Fourth Edition remains the easiest reference tool to use and understand. Updated with Canadian content and conventions, the fourth edition features new contributing authors who bring a wider range of teaching practice to the book and who have shaped a writer's handbook that serves an even broader and more diverse student body.

Rules for Writers with Writing about Literature (Tabbed Version) Diana Hacker, Nancy Sommers, 2012-01-16 When it comes to value, *Rules for Writers* is a college writer's companion that covers writing, grammar, research, and documentation in an extremely affordable and portable spiral bound format. From the best-selling family of handbooks, *Rules* has consistently been the best value for college writers. Now it's even more so. The Seventh Edition actually teaches students how to make better use of their handbook. With new material about how to integrate the handbook into lessons and class activities, *Rules for Writers* is an even more useful tool for instructors. We like *Rules* because it's affordable, easy to use, and flexible enough for multiple courses. Anne Helms, Alamance Community College [Patterns of Power, Grades 9-12](#) Jeff Anderson, Travis Leech, Holly Durham, 2023-10-10 Traditional grammar instruction often focuses too much on what's right or what's wrong, hiding the true power of conventions: the creation of meaning, purpose, and effect. Instead of hammering high school students with the mistakes they should avoid, Jeff Anderson, Travis Leech, and Holly Durham suggest exploring grammar through the celebration of author's purpose and craft. In *Patterns of Power, Grades 9-12: Teaching Grammar Through Reading and Writing*, they invite you to create an environment in which writers thrive while studying and appreciating the beauty, effects, and meaning of grammar. Inside this book, teachers will find a comprehensive explanation of the brain-based *Patterns of Power* invitational process, as well as 35 standards-aligned lesson sets built around practical, engaging, inquiry-based methods that take deeper dives into grammar and craft than any worksheet, quiz, or editing exercise ever could. A variety of high-interest model texts from authentic and diverse sources, including excerpts from classic and current novels, memoirs, plays, graphic novels, poems, and media. Real-life classroom examples and tips with suggestions for scaffolding new learning and ideas for how to use the lessons in AP courses. Templates for extended application, easy to locate printables, and ready-to-go visuals. Additional Models for Further Study for extension opportunities in every lesson set. An entire chapter devoted to helping high school writers master citations in research. With hundreds of teach tomorrow
