Finally an EMT textbook study guide that's short and sweet to the point and covers all the essentials and leaves most of the trivia out. The perfect text study guide for the EMT student. I'm a Paramedic. I worked for the Los Angeles City Fire Department and handled more than 15,000 911 calls. I've been teaching a college EMT course for a long time and I've decided we can do better. My students wouldn't read their textbook. Most textbooks are too long, too full of miscellaneous trivia the EMT won't ever need to know, and they don't get to the point quick enough. This book solves those problems. There's a LOT to learn to become an EMT, let's get to it. **EMT Exam Study Guide** Emt Basic Exam Prep Team, 2017-06-02. Each section of the test has a comprehensive review that goes into detail to cover all of the content likely to appear on the EMT Exam. The practice test questions are each followed by detailed answer explanations. If you miss a question, it's important that you are able to understand the nature of your mistake and how to avoid making it again in the future. The answer explanations will help you to learn from your mistakes and overcome them. Provided by Amazon.com.
