FINANCIAL REPORTING, STATEMENTS AND ANALYSIS: Made Easy Dr. Mukul Burghate, In any industry, whether manufacturing or service, we have multiple departments which function day in and day out to achieve organizational goals. The functioning of these departments may or may not be interdependent, but at the end of the day, they are linked together by one common thread: Accounting. STATEMENTS AND ANALYSIS is presented to the students of Management program. The book contains the syllabus from basics of the subjects, going into the intricacies of the subjects. All the concepts have been explained with relevant practical numerical examples and diagrams to make it interesting for the readers. An attempt is made here by the experts to assist the students by way of providing case-based study material as per the curriculum, with non-commercial considerations. However, it is implicit that these are exam-oriented study material and students are advised to
