Proceedings of the International Conference on Sustainable Collaboration in Business, Technology, Information, and Innovation (SCBTII 2023) Suhal Kusairi, Forget Mingiri Kapingura, Ratih Hendayani, Nizam Ahmat, 2023-11-17 This is an open access book Sustainable Collaboration in Business Technology Information and Innovation SCBTII 2023 Preserving the Sustainability of Business in Accelerated Digital Transformation and Transition Collide The COVID 19 pandemic had dealt a devastating blow to the SDGs which were already off track before the pandemic forced the closure of schools government services and workplaces worldwide The pandemic erased more than four years of progress in eradicating poverty and pushing millions into extreme poverty On the other hand digital transformation rapidly creates a world of ever faster technological developments In response every business must think of itself as a tech business Companies need to re design their processes and ensure their people have the skills needed for a world where we increasingly collaborate and work alongside capable and intelligent machines Unfortunately the war in Ukraine has accelerated the schism and confrontation between the major global powers Another point of tension is the US China relations joining the trade technological economic and geostrategic competition This year will be more significant But the world business before us is not divided into two concrete blocks Instead a full scale reconfiguration of alliances is underway which forces all other actors to reposition themselves about the new strategic competition dynamics and to seek out their own spaces in a global transformation On the other hand the green and the digital transitions which seemed to work hand in hand towards building a more sustainable world have collided Against this backdrop universities as academic institutions play an essential role in educating and providing professional human resources and conducting high quality research that benefits humanity However universities must take a more significant part and be innovative and creative in engaging and supporting the development opportunities and consolidation of the Global community To embark on this role effectively universities must always foster communication and discussion among academicians scholars practitioners and policymakers under the Sustainability Development Goals SDGs Academia Government Business and Communities must

increasingly cooperate to achieve academic and research excellence and constructive solutions to current business and economic issues Sustainable Collaboration in Business Information and Innovation SCBTII 2023 is an international conference that brings together academics professionals entrepreneurs researchers learners and other associated groups from all over the world that is interested in theories as well as practices in the field of the digital economy for global competitiveness This conference provides opportunities for presenters and participants to exchange new ideas and experiences create research relationships and find international partners for future collaboration to respond to economy business social and technological development challenges successfully and effectively for better life well being

Managerial Economics Donald N. Stengel, 2011-06-30 If you have good economic principles then more than likely you are making good business decisions Although economics is sometimes dismissed as a discourse of practical relevance to only a relatively small circle of academicians and policy analysts who call themselves economists sound economic reasoning benefits any manager of a business whether they are involved with production and operations marketing finance or corporate strategy This highly respected text will help you and any business manager with managerial economics which is the application of microeconomics to business decisions Inside you will learn about the key relationships between price quantity cost revenue and profit which are detailed for an individual firm in the form of simple conceptual models The book includes key elements from the economics of consumer demand and the economics of production It also discusses economic motivations for expanding a business and contributions from economics for improved organization of large firms as well as market price quantity equilibrium competitive behavior and the role of market structure on market equilibrium and competition It concludes by considering market regulation in terms of the generic problems that create the need for regulation and possible remedies for those problems

Inventory Management Mohamad Y. Jaber, 2009-08-11 As markets become more dynamic and competitive companies must reconsider how they view inventory and make changes to their production and inventory systems They must begin to think outside the classical box and develop a new paradigm of inventory management Exploring the trend away from classical models based on economic order quantities to depend on **EMERGING TRENDS IN FINANCE, MARKETING AND HUMAN RESOURCE MANAGEMENT** Dr. Gangineni Dhananjay , Dr. G.

Malyadri, 2025-10-03 Working capital management is a business strategy designed to manage a company's working capital A

company's working capital refers to the capital it has left over after accounting for its current liabilities. Working capital management ensures that a company operates efficiently by monitoring and using its current assets and liabilities to their most effective use. The efficiency of working capital management can be quantified using ratio analysis. Working capital management requires monitoring a company's assets and liabilities to maintain sufficient cash flow to meet its short-term operating costs and short-term debt obligations. Managing working capital primarily revolves around managing accounts receivable, accounts payable, inventory, and cash. Working capital management involves tracking various ratios, including the working capital ratio, the collection ratio, and the inventory ratio. *Eurasian Economic Perspectives* Mehmet Huseyin Bilgin, Hakan Danis, Ender Demir, Uchenna Tony-Okeke, 2020-06-27. This book gathers selected papers from the 28th Eurasia Business and Economics Society (EBES) Conference held in Coventry, United Kingdom. While the theoretical and empirical papers presented cover diverse areas of economics and finance in various geographic regions, the main focus is on the latest research concerning the economics of innovation, finance, and macroeconomics. The book also includes regional studies.
