**Points of Connection** Joshua A. Stone, 2024-04-19 Points of Connection Realizing the Potential for Improving the Church Membership Process Church member assimilation is key to growth for the Christian and has been particularly difficult for many churches since the recent pandemic A highly assimilated church is a church where all members are encouraged in tangible ways in their walk with Jesus Christ as their personal Savior by embodying the great apologetic but speaking the truth in love we are to grow up in all aspects into Him who is the head that is Christ from whom the whole body being fitted and held together by what every joint supplies according to the proper working of each individual part causes the growth of the body for the building up of itself in love Ephesians 4:15-16 NASB 2020 Using a structured program evaluation the author sought to gain insight from new church members by interviewing a cross section of new members who had joined within a two year period Participants included a diverse group of church members including younger adults single adults married adults seasoned believers and new believers ensuring that all demographics of the church family were represented The participants interviewed had ample time to assimilate prior to the interviews The end goal was to determine why some members might not be assimilating well since joining the church and to get more members on the path to discipleship and service and connection to the local body of Christ through participatory membership The responses identified ways that the church can reach more people increase engagement and move people along to serving well as fully assimilated members In a supported effort to assimilate church members well this book will showcase a streamlined process of walking new members through the process of assimilation by helping them to connect with other

believers with church leadership and with areas of service where they may employ their spiritual gifts This book may serve as a guided resource for pastors church staff members and leaders in the church as they help new members to find points of connection within the church     Air transport – tourism nexus: A destination management perspective Maya Georgieva

Ivanova,2017-06-18 The aim of current research monograph is to provide a deeper view of the complex relationship between the air transport and tourism industries The adopted point of view a destination perspective enables one to go into a more detailed exploration of the topic and to consider issues that usually remain invisible at the strategic managers level The elaborated destination analysis framework and the identification of common points between aviation and tourism set the groundwork for further examination of the air transport tourism nexus Therefore the book would be useful both for students and researchers in the field of tourism hospitality and destination management and for practitioners and destination management representatives who may find interesting insights and ideas for improvement The monograph would be suitable also for managers and representatives from the air transport industry by providing them with the other point of view that of the local tourist destination to consider in their strategic growth and negotiation process     **Managing, Marketing, and**

**Sports Volunteers Around the Globe** Kirstin Hallmann,Sheranne Fairley,2019-01-30 This book provides an overview of perspectives and approaches to the cultural meaning of sport volunteering in different countries The main objective is to reflect on the diversity of meanings with regard to volunteering in different cultures and societies Additionally this book will shed light on volunteering practices and the impact of volunteering from both an economic and a sociological perspective

The book begins with an introductory section that gives an overview of the rationale of the text and the diversity of sport volunteers in general. From there the book's 25 chapters each discuss a specific country case study provided by researchers from the respective country. These studies provide a comprehensive overview of volunteering in each country such as motivations of volunteers, satisfaction of volunteers, their perceived cost and benefits, and many other areas related to the overall study. By having twenty-five different countries represented and a native of each country authoring the respective chapters, this book serves as a comprehensive and diverse review of sports volunteering around the world and can be incorporated into courses in economics, particularly those dealing with sports economics, and can also be used as a reference for volunteer organizations and sports economists worldwide.
