**Narrative Social Work Practice** Roberta Greene, Nancy Greene, Harriet Cohen, Taunya Cole, 2025-05-21 This book highlights the co creation of the narrative interview and explains how the narrative method can be used to promote competence and wellness resist oppression and ultimately liberate clients from their problems The person in environment concept brings together a wide range of personal and societal micro to macro influences that allow practitioners to engage in an effective helping process with diverse individuals families groups organizations and communities The textbook has been written at a time of pronounced sociocultural and historical flux uncertainty and civil strife that threaten to disrupt the social fabric of the United States Consequently the book augments the resilience enhancing stress model RESM approach to the narrative methodology Each chapter of the text describes a client or constituency undergoing a life transition and the associated risks stressors and protective factors surrounding them Among the topics covered are Adopting RESM Anti Oppressive Social Work Strategies A Micro to Macro Approach Co creating a Narrative Forming Personal Identity Macrolevel Narrative Skills and Techniques Proactive Resilience Social Work Practice Time Place and Resilience The ultimate purpose of the book is for social workers to develop the ability to enhance clients and constituencies optimal resilient social functioning in a just and equitable world that embraces diversity equity and inclusion Although narrative social work practice is not yet widely applied the text elucidates how storytelling can break new ground in achieving asset based resilience enhancing social work practice as well as redress social economic and political injustice Narrative Social Work Practice A Resilience Enhancing Anti Oppressive Approach is the third in a series of texts that defines risk and resilience theory and its offshoot the RESM The book is intended primarily for generalists and advanced students as well as practitioners in the social work field

*The Meeting* H.B. Schwartzman, 2013-06-29 In writing this book I discovered that everyone I talked to had his or her own theory about meetings and yet there is no theory of meetings in the research literature This makes writing about this subject both excit ing and hazardous It is always exciting to examine the significance of something that has been ignored but it is hazardous to write about something that everyone already thinks they understand Without re course to the legitimacy of a research tradition readers are likely to evaluate this study based on their own theory I have tried to take this into account by discussing what might be referred to as American folk theory about meetings see particularly Chapter 3 and also by juxtapos ing my own research in an American organization with research in traditional or non Western societies as conducted by anthropologists This juxtaposition throws into relief some of the important differences as well as similarities in views of meetings as well as the form of meetings across cultures It is also the only way that I know to examine how and when one s cultural context is affecting one s theoretical constructions If this book is successful it will challenge what I believe is the most common interpretation of meetings found in American society that is that meetings are a blank slate phenomenon useful as a tool for such functions as making decisions solving problems and resolving con flicts but having no impact on
