McDonald,Fouad Abd-El-Khalick,2017-04-21 Bringing together international research on nature of science NOS representations in science textbooks the unique analyses presented in this volume provides a global perspective on NOS from elementary to college level and discusses the practical implications in various regions across the globe Contributing authors highlight the similarities and differences in NOS representations and provide recommendations for future science textbooks This comprehensive analysis is a definitive reference work for the field of science education *Science Curriculum Resource Handbook* ,1992 *The Foundations of Institutional Economics* K. William Kapp,2012-05-23 This is a ground breaking book about the foundations of institutional economics K William Kapp presents the economic role of institutions for economic development capital formation and technological dynamics in an easily accessible and comprehensive manner As a front rank 20th century institutional economist Kapp pulls together arguments from a variety of sources including Thorstein Veblen John Kenneth Galbraith and Gunnar Myrdal all of which emphasize the crucial role of institutions The author cements institutional economics as a distinct and coherent framework of analysis to effectively address urgent socio economic problems such as environmental disruption and sustainable development This book begins with a critique of conventional neoclassical economics and an overview of the antecedents of institutional economics The core of the book is formed by the chapters on institutions human economic behavior and needs arguing that institutional change is key to directing economic development towards sustainable and adequate living conditions rather than merely formal growth formulas The final chapters provide the reader with the institutional theories of capital and technology showing how capital formation and technological dynamics are determined by institutions such as the principle of investment for profit The appendix complements Kapp s plea for institutional change with articles on science and technology social costs substantive economics and circular and cumulative causation This book is suited for readers at all levels who are interested in institutional economics the history of economics thought political economics as well as ecological and heterodox economics Researchers and students will find it to be an easily accessible and a concise elaboration on the foundations of institutional economics

Old and New Questions in Physics, Cosmology, Philosophy, and Theoretical Biology Alwyn Van der Merwe,2012-12-06 Simply to say that this is a collection of essays in honor of the late Wolfgang Yourgrau 1908 1979 is to explain at least for the obviously many insiders the unusually wide ranging title of the present volume In a Foreword to the

Proceedings of the First International Colloquium focusing on logic physical reality and history held at the University of Denver in May of 1966 under their leadership Wolfgang Yourgrau and Allen Breck wrote in an oblique reference to C P Snow Indeed there are not two or three or four cultures there is only one culture our generation has lost its awareness of this Historians logicians physicists all are banded in one common enterprise namely in their desire to weave an enlightened fabric of human knowledge Augment if you will the foregoing categories of scholars with biologists philosophers cosmologists and theologians all of whom in addition to historians Wolfgang Yourgrau by dint of his inextinguishable enthusiasm and charismatic qualities assembled in Denver for the Second and Third International Colloquia in 1967 and 1974 respectively and a few other besides and one arrives at a statement of the credo which Yourgrau not only professed but consistently exemplified throughout his adult life Glencoe Physics Paul W.
