Discount Buying Guide ,1978 *The Police Chief* ,1998 **Glock** Paul M. Barrett,2012-01-10 Based on fifteen years of research Glock is the riveting story of the weapon that has become known as American s gun Today the Glock pistol has been embraced by two thirds of all U S police departments glamorized in countless Hollywood movies and featured as a ubiquitous presence on prime time TV It has been rhapsodized by hip hop artists and coveted by cops and crooks alike Created in 1982 by Gaston Glock an obscure Austrian curtain rod manufacturer and swiftly adopted by the Austrian army the Glock pistol with its lightweight plastic frame and large capacity spring action magazine arrived in America at a fortuitous

time Law enforcement agencies had concluded that their agents and officers armed with standard six round revolvers were getting outgunned by drug dealers with semi automatic pistols They needed a new gun When Karl Water a firearm salesman based in the U S first saw a Glock in 1984 his reaction was Jeez that s ugly But the advantages of the pistol soon became apparent The standard semi automatic Glock could fire as many as 17 bullets from its magazine without reloading one equipped with an extended thirty three cartridge magazine was used in Tucson to shoot Gabrielle Giffords and 19 others It was built with only 36 parts that were interchangeable with those of other models You could drop it underwater toss it from a helicopter or leave it out in the snow and it would still fire It was reliable accurate lightweight and cheaper to produce than Smith and Wesson s revolver Made in part of hardened plastic it was even rumored incorrectly to be invisible to airport security screening Filled with corporate intrigue political maneuvering Hollywood glitz bloody shoot outs and an attempt on Gaston Glock s life by a former lieutenant Glock is at once the inside account of how Glock the company went about marketing its pistol to police agencies and later the public as well as a compelling chronicle of the evolution of gun culture in America *Farm Implement News Buyer's Guide* Farm Implement News Co., Chicago, Farm Implement News

Company, 1957 **Sacramento (Sacramento County, Calif.) City Directory**, 1955 **The NRA** Frank Smyth, 2020-03-31 For the first time the definitive account of America s most powerful most secretive and most controversial nonprofit and how far it has strayed from its origins The National Rifle Association is unique in American life Few other civic organizations are as old or as large None is as controversial It is largely due to the NRA that the U S gun policy differs so extremely some would say so tragically from that of every other developed nation But as Frank Smyth shows the NRA has evolved from an organization concerned above all with marksmanship and which supported most government efforts around gun control for a hundred years to one that resists all attempts to restrict guns in any way At the same time the organization has also buried its own remarkable history Here is that story from the NRA s surprising roots in post Civil War New York City to the defining event that changed its culture forever the so called Cincinnati Revolt of 1977 to the present day where President Donald Trump is the most ardent champion in the White House the NRA has ever had For anyone who has looked at access to guns in our society and asked Why this is an unmatched account of how we got here and who got us here

Marketing Fashion Karin M. Ekström, 2023-06-16 Fashion as a societal phenomenon has fascinated scholars in different disciplines such as history, sociology, anthropology, psychology, and marketing, often from an interdisciplinary perspective. Fashion mirrors societal changes, cultural norms, and values over time. It can be interpreted as mundane, everyday practices, constructions of identity and status, as well as being associated with the art world. In this book, the focus lies on marketing and the role of marketers when fashion permeates society in deliberate and subtle ways. This edited collection critically reflects upon the power of fashion in contemporary society and the role marketing and marketers play in the process of defining, creating, and preserving fashion, but also in divesting fashion that is no longer up to date. It expands on existing knowledge to better understand the role marketers play as cultural agents in determining fashion and its markets. Contributors to the book are international, advanced scholars from a variety of disciplines such as anthropology, marketing, psychology, and sociology who challenge traditional ways of thinking about marketing. In a society where problems with overproduction and excessive consumption represent major challenges, the critical perspective of the role fashion plays in contemporary society and what influence marketing has for shaping fashion are not merely relevant but necessary. This cutting-edge interdisciplinary book will appeal to scholars across a broad range of fields, including fashion, marketing, fashion studies, and consumer culture research. It will also be valuable for students in advanced courses of study in a variety of disciplines besides marketing.
