Teaching and Learning History Online Stephen K. Stein, Maureen MacLeod, 2023-04-17 Teaching and Learning History Online A Guide for College Instructors offers everything a new online history instructor needs in one package including how to structure courses integrate multimedia and manage and grade discussions as well as advice for department chairs on curriculum management student advising and more In today's technological society online courses are quickly becoming the new normal in terms of collegiate instruction providing the ideal environment to flip the classroom and encourage students to hone critical thinking skills by engaging deeply with historical sources While much of the attention in online teaching focuses on STEM business and education courses online history courses have also proven consistently popular However due to the COVID 19 pandemic new history instructors are rushed into online teaching with little or no training or experience creating a need for a guide to ease the transition from classroom to online course development and teaching A timely text this book aims to provide both new and experienced college history teachers the information they need to develop dynamic online courses

Activation Codes For Full Authenticity And Power Jill Nypower, 2024-10-30 This book is about self reflecting and teaches a blueprint of how to overcome past trauma and memories and programs that make you feel stuck Its about overcoming and being better than the program we were born into I put the pen back in your hands to write a script that gives you a life that you chose Be your authentic and honest true self

Social Issues in Living Color Arthur W. Blume, 2017-02-16 Offering fresh and exciting approaches to solving global problems this book creatively views challenging social issues through the lens of racial and ethnic psychology As the demographic makeup of the American population continues to evolve understanding and addressing the

psychological needs of ethnic minorities in the United States becomes more important to the overall health and well being of society This three volume set is the first publication to explicitly tackle social issues from the perspective of racial and ethnic psychology It uniquely presents racial and ethnic psychological perspectives on topics such as media criminal justice racism climate change gender bias and health and mental health disparities Volume one introduces readers to the basic scientific concepts of racial and ethnic minority psychology and then examines the intersectionality of race ethnicity gender and sexual orientation It also addresses how race and ethnicity affect communication styles leadership styles and media The second volume discusses the experiences of individuals within racial and ethnic minorities including overt racism covert racism and colonialism and addresses how ethnic minority psychology plays a role in our educational system poverty global climate change and sustainability The third volume covers ethics in health and research considers the causes of health and mental health disparities and identifies diversity initiatives that can improve the health and well being of all citizens not just racial and ethnic minority citizens
