Association of Watch and Clock Collectors, 1971 *The Journal of Agriculture and Horticulture*, 1927 Marking
Modern Times Alexis McCrossen, 2013-05-01 Tells a story of a period when the quest for accurate timekeeping became an
 obsession in the US Choice The public spaces and buildings of the United States are home to many thousands of timepieces
 bells time balls and clock faces that tower over urban streets peek out from lobbies and gleam in store windows And in the
 streets and squares beneath them men women and children wear wristwatches of all kinds Americans have decorated their
 homes with clocks and included them in their poetry sermons stories and songs And as political instruments social tools and
 cultural symbols these personal and public timekeepers have enjoyed a broad currency in art life and culture In Marking
Modern Times Alexis McCrossen relates how the American preoccupation with time led people from across social classes to
 acquire watches and clocks While noting the difficulties in regulating and synchronizing so many timepieces McCrossen
 expands our understanding of the development of modern time discipline delving into the ways we have standardized time
 and describing how timekeepers have served as political social and cultural tools in a society that doesn't merely value time
 but regards access to time as a natural born right a privilege of being an American A precise acute and well measured
 monograph *Journal of Social History* Important and engaging *Journal of American History* An innovative contribution on a key
 historical shift in modern life *Urban History* An authoritative narrative of how and where time and timepieces were
 distributed in the period *Reviews in American History* **The Universal Cyclopaedia**, 1900
