The Annual Library Index William Isaac Fletcher, Helen Elizabeth Haines, 1910 Including periodicals American and English essays book chapters etc bibliographies necrology index to dates of principal events and select lists of public libraries in the United States and Canada and of private collectors of books Motion Picture Paradise David Morton, 2025-09-16 Highlighting Florida's essential often overlooked role in shaping American film and television Motion Picture Paradise is a sweeping story of filmmaking in Florida featuring the activities of studios and filmmakers across the peninsula by looking at the many iconic films and television shows shot in the state In the early years of the American film industry Florida was a favorite location for pioneer movie makers and David Morton chronicles the state's importance to producers throughout the next 125 years Often overshadowed by the well known entertainment industries of Hollywood and New York Florida has over time had several major film production centers Morton follows the rise and fall of filmmaking destinations across the state including Jacksonville St Augustine Tampa Bay Orlando and Miami as well as pioneering underwater and location based films shot at Florida's unique natural springs He argues that conflicting policies set by Florida politicians have at various times enticed or pushed away movie and television companies a pattern that has hampered serious investment Using a wealth of source materials Morton offers a comprehensive history that demonstrates how films and television shows made in Florida have influenced the state's sense of identity drawing attention to Florida's underacknowledged role as the third coast in American film history Motion Picture Paradise adds new insights into the state's dramatic social and economic transformations during the twentieth century U.S. Marine Raider Missions Lisa M. Bolt Simons, 2016-01-01 Introduces readers to major special operation missions of the US Marine Corps in a timeline format The Participation Gap Russell J. Dalton, 2017-10-13 The dilemma of democracy arises from two contrasting trends More people in the established democracies are participating in civil society activity contacting government officials protesting and using online activism and other creative forms of participation At the same time the importance of social status as an influence on political activity is increasing The democratic principle of the equality of voice is eroding The politically rich are getting richer and the politically needy have less voice This book assembles an unprecedented set of international public opinion surveys to identify the individual institutional and political factors that produce these trends New forms of activity place greater demands on participants raising the importance of social status skills and resources Civil society activity further widens the participation gap New norms of citizenship shift how people participate And generational change and new online forms of activism accentuate this process Effective and representative government requires a participatory citizenry and equal voice and participation trends are undermining these outcomes The Participation Gap both documents the growing participation gap in contemporary democracies and suggests ways that we can better achieve their theoretical ideal of a participatory citizenry and equal voice Annual Literary Index , 1910 *Cumulative List of Organizations Described in Section 170 (c) of the*
