**U.S. Army War College Guide to National Security Issues: Theory of war and strategy** J. Boone Bartholomees,Army War College (U.S.). Strategic Studies Institute,2012 This edition of the U S Army War College Guide to National Security Policy and Strategy continues to reflect the structure and approach of the core national security strategy and policy curriculum at the War College The 5th Edition is published in two volumes that correspond roughly to the Department of National Security and Strategy s core courses Theory of War and Strategy and National Security Policy and Strategy Like previous editions this one is based on its predecessor but contains both updates and new scholarship Over a third of the chapters are new or have undergone significant rewrites Many chapters some of which appeared for years in this work have been removed Nevertheless the book remains unchanged in intent and purpose Although this is not primarily a textbook it does reflect both the method and manner we use to teach strategy formulation to America s future senior leaders The book is not a comprehensive or exhaustive treatment of either strategic theory or the policymaking process Both volumes are organized to proceed from the general to the specific Thus the first volume opens with general thoughts on the nature

and theory of war and strategy proceeds to look at the complex aspect of power and concludes with specific theoretical issues Similarly the second volume begins by examining the policy strategy process moves to a look at the strategic environment and concludes with some specific issues This edition continues the effort begun in the 4th Edition to include several short case studies to illustrate the primary material in the volume      *AQA A-level Economics Student Guide 4: The national and international economy* Ray Powell,James Powell,2016-11-28 Reinforce students understanding throughout the course Clear topic summaries with sample questions and answers will help to improve exam technique to achieve higher grades Written by experienced authors Ray and James Powell this Student Guide for Economics focuses on the measurement of macroeconomic performance and international economy The first section Content Guidance summarises content needed for the exams with knowledge check questions throughout The second section Questions and Answers provides samples of different questions and student answers with examples of how many marks are available for each question Students can Identify key content for the exams with our concise summary of topics Find out what examiners are looking for with our Questions and Answers section Test their knowledge with rapid fire questions and answers Avoid common pitfalls with clear definitions and exam tips throughout Reinforce their learning with bullet list summaries at the end of each section
