Globalization A Very Short Introduction

Paul James

Globalization A Very Short Introduction:

Globalization Manfred B. Steger, 2017 Globalization is one of the defining buzzwords of our time describing a variety of accelerating economic political and cultural processes that constantly change our experience of the world The fourth edition of this Very Short Introduction provides an exploration of both the causes and effects of the phenomenon *Globalization: A Very Short Introduction* Manfred B. Steger, 2020-05-28 We live today in an interconnected world in which ordinary people can become instant online celebrities to fans thousands of miles away in which religious leaders can influence millions globally in which humans are altering the climate and environment and in which complex social forces intersect across continents This is globalization In the fifth edition of his bestselling Very Short Introduction Manfred B Steger considers the major dimensions of globalization economic political cultural ideological and ecological He looks at its causes and effects and engages with the hotly contested question of whether globalization is ultimately a good or a bad thing From climate change to the Ebola virus Donald Trump to Twitter trade wars to China's growing global profile Steger explores today's unprecedented levels of planetary integration as well as the recent challenges posed by resurgent national populism ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

Globalization Manfred B. Steger, 2023 Globalization is one of the defining buzzwords of our time describing a variety of accelerating economic political and cultural processes that constantly change our experience of the world This book provides an exploration of both the causes and effects of the phenomenon Globalization: A Very Short Introduction Manfred Steger, 2013-04-04 Globalization has become one of the defining buzzwords of our time a term that describes a variety of accelerating economic political cultural ideological and environmental processes that are rapidly altering our experience of the world It is by its nature a dynamic topic and this Very Short Introduction has been fully updated for a third edition to include recent developments in global politics the global economy and environmental issues Presenting globalization in accessible language as a multifaceted process encompassing global regional and local aspects of social life Manfred B Steger looks at its causes and effects examines whether it is a new phenomenon and explores the question of whether ultimately globalization is a good or a bad thing ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable Rethinking Globalism Manfred B. Steger, 2004 What is the hottest American export since 9/11 The contributors to this provocative volume contend that it is Western style globalism the dominant free market ideology that determines everything from most favored nation status to the declaration of war In this much needed post

September 11 analysis an interdisciplinary team of authors shows how central concepts like globalization liberty free markets and free trade are increasingly being subordinated to and lumped together with the war on terrorism led by the U S and its allies The authors here hailing from all five continents contend that globalism is being adapted to particular social and political contexts in various parts of the world Nonetheless the impact of globalization with an ideological twist can be devastating as military operations and propaganda supplant transnational trade initiatives as the focal point of global exchange And ironically the post 9 11 framework contains a major ideological contradiction Social forces otherwise profiting from expanded global mobility and interchange must come to grips with necessary limitations on certain aspects of globalization This volume was handcrafted to outline the major lines of inquiry proposed for the new Globalization series edited by Manfred B Steger and Terrell Carver Writing in accessible engaging prose the contributors to this anchor volume consider themselves critical globalization theorists who seek to provide readers with a better understanding of how dominant beliefs about globalization fashion their realities and how these ideas can be changed to bring about more equitable social arrangements Books in the series will share the same perspective and goals

Diplomacy: A Very Short Introduction

Joseph M. Siracusa, 2010-08-26 Like making war diplomacy has been around a very long time at least since the Bronze Age It was primitive by today's standards there were few rules but it was a recognizable form of diplomacy Since then diplomacy has evolved greatly coming to mean different things to different persons at different times ranging from the elegant to the inelegant Whatever one's definition few could doubt that the course and consequences of the major events of modern international diplomacy have shaped and changed the global world in which we live Joseph M Siracusa introduces the subject of diplomacy from a historical perspective providing examples from significant historical phases and episodes to illustrate the art of diplomacy in action ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

Globalization Manfred B. Steger, 2010 For many scholars and political activists globalization encompasses a variety of economic political cultural ideological and environmental practices that have accelerated in the last few decades Manfred Steger presents globalization in plain readable English as a multifaceted system encompassing global regional and local aspects of social life In addition to unpacking the term's various dimensions he investigates whether globalization is good or bad a question hotly debated in classrooms boardrooms and on the streets

Globalism, Nationalism, Tribalism Paul James, 2006-04-20 Paul James has written a magnificent account of the world's current condition one that highlights the complexities and contradictions with which people communities and nations must contend and that does so in a compelling and creative style Stressing the interaction between global and local forces his writing style is lively and compelling as well as peppered with a wide range of citations from Woman's Day to the Cambodian Daily on the same

page James N Rosenau University Professor of International Affairs The George Washington University Globalism Nationalism Tribalism establishes a new basis for understanding the changing nature of polity and community and offers unprecedented attention to these dominant trends Paul James charts the contradictions and tensions we all encounter in an era of increasing globalization from genocide and terrorism to television and finance capital Globalism is treated as an uneven and layered process of spatial expansion not simply one of disorder fragmentation or rupture Nor is it simply a force of homogenization Nationalism is taken seriously as a continuing and important formation of contemporary identity and politics James rewrites the modernism theories of the nation state without devolving into the postmodernist assertion that all is invention or surface gloss Tribalism is given the attention it has long warranted and is analyzed as a continuing and changing formation of social life from the villages of Rwanda to the cities of the West Theoretically adept and powerfully argued this is the first comprehensive analysis that brings these crucial themes of contemporary life together

Vulnerability Henk ten Have, 2016-04-08 Alongside globalization the sense of vulnerability among people and populations has increased We feel vulnerable to disease as new infections spread rapidly across the globe while disasters and climate change make health increasingly precarious Moreover clinical trials of new drugs often exploit vulnerable populations in developing countries that otherwise have no access to healthcare and new genetic technologies make people with disabilities vulnerable to discrimination Therefore the concept of vulnerability has contributed new ideas to the debates about the ethical dimensions of medicine and healthcare This book explains and elaborates the new concept of vulnerability in today's bioethics Firstly Henk ten Have argues that vulnerability cannot be fully understood within the framework of individual autonomy that dominates mainstream bioethics today it is often not the individual person who is vulnerable rather that his or her vulnerability is created through the social and economic conditions in which he or she lives Contending that the language of vulnerability offers perspectives beyond the traditional autonomy model this book offers a new approach which will enable bioethics to evolve into a global enterprise This groundbreaking book critically analyses the concept of vulnerability as a global phenomenon It will appeal to scholars and students of ethics bioethics globalization healthcare medical science medical research culture law and politics

Historical Dictionary of International Relations Peter Lamb, Fiona Robertson-Snape, 2017-03-21 The Historical Dictionary of International Relations is a general guide to the theory and practice of the relations between states and between states and other actors on the world stage It introduces readers to the real world operations of international relations and is thus concerned with the actual relations between states organizations groups and people It also offers introductory information about the various theories old and new that help explain these relations why they happen and the possible alternatives that might be available now or in the future Moreover some of the key thinkers of these theories are discussed The Historical Dictionary of International Relations contains a chronology an introduction and an extensive bibliography The dictionary section has over 200 cross referenced entries on real world

operations of international relations the actual relations between states organizations groups and people This book is an excellent resource for students researchers and anyone wanting to know more about International Relations *Introducing Globalization Theories* Prof. Manfred B. Steger, 2025-03-11 Since the explosion of the buzzword globalization in academic and public discourse more than thirty years ago theoretical explorations of worldwide interconnectivities and mobilities have proliferated across major academic disciplines *Introducing Globalization Theories* is a short yet comprehensive primer to major globalization theories from the 1990s to the present This accessible volume explains how globalization frameworks have been assembled by influential thinkers who employ different modes of inquiry Short summaries illustrations and a supplemental guide to further reading equip students with tools to assess the strengths and weaknesses of each theory Intersecting with relevant contemporary themes such as inequality and ecology the book also highlights and features postcolonial and Indigenous globalization theories that challenge Western centric views and point to a more equitable world

Understanding Globalization Kavous Ardalan, 2017-09-08 This book discusses eight dimensions of globalization world order culture the state information technology economics production development and Bretton Woods Institutions from the perspective of four diverse sociological paradigms functionalist interpretive radical humanist and radical structuralist This multi perspective approach forces readers to abandon their preconceived assumptions and allows them the opportunity to view globalization through new eyes Kavous Ardalan argues that social theory can usefully be conceived in terms of these four key paradigms because each one is founded upon different assumptions about the nature of social science and each one generates useful theories concepts and analytical tools This method facilitates distancing from one's favored paradigm and appreciating other available approaches to better understand social phenomena The knowledge of paradigms increases awareness of the boundaries and limitations of each individual paradigm While most books on the topic focus on particular aspects of globalization from specific viewpoints this fair and unbiased volume provides readers with a balanced understanding of globalization

The Destructive Path of Neoliberalism, 2008-01-01 *The Destructive Path of Neoliberalism An International Examination* a compilation of twelve essays by leading scholars and educators sheds light on the social political economic and historical forces behind the rise of neoliberalism the dominant ideological doctrine impacting developments in schools and other social contexts across the globe for over thirty years Several authors provide rich empirical data from schools across the globe to capture how neoliberal imperatives discourses and practices are impacting teachers students and communities at today's historical juncture Finally several contributors have developed pedagogical initiatives suggest policy considerations and convey theoretical insights designed to assist us in the struggle against the corporatization of schooling and social life

International Human Rights Law Manisuli Ssenyonjo, 2016-04-22 This timely and valuable book explores the development of international human rights law over the last six decades The volume brings together leading experts to reflect on different aspects of human rights law not only considering and

evaluating the developments so far but also identifying relevant problems and proposing relevant possible perspectives for the continued positive future development of human rights law The book is international in perspective both in scope and context and covers developments in the international protection of human rights since the adoption of the UDHR in 1948 The developments considered include the United Nations system of protecting human rights as well as regional human rights systems in Africa America and Europe It also considers some key themes relevant to human rights including globalisation protecting human rights in emergency situations and trade sanctions the development of human rights NGOs and many others The book will be an invaluable resource for students academics and policy makers working in the field of international human rights

Visual and Multimodal Urban Sociology Luc Pauwels, 2023-07-24 Presented over two volumes Visual and Multimodal Urban Sociology A and B explore the use and potential of visual materials and methodologies that expand the level of analysis and ways of seeing in urban sociology

Restless Ideas Tony Simmons, 2020-05-21T00:00:00Z How do we make sense of the rise of political strongmen like Trump and Erdo an or the increase in hate crimes and terrorism How can we understand Brexit and xenophobic anti immigrant sentiments and policies More importantly what can we do to make it all stop In *Restless Ideas* Tony Simmons illustrates how social theory provides us with the skills for more informed observation analysis and empathic understanding of social behaviour and social interaction Social theory deepens our understanding of the world around us by empowering us to become practical theorists in our own lives Simmons traces the roots of contemporary social theory back to the works of the early structural functionalists systems theorists conflict theorists symbolic interactionists and ethnomethodologists and incorporates contemporary social thinkers theorizing from the margins who are redefining the canon Later chapters focus on the current influence of structuration theory feminist and queer theory Indigenous theory third wave critical theory postmodernism and poststructuralism and liquid and late modernity theories and globalization theories

Regionalism, Globalisation and International Order Jens-Uwe Wunderlich, 2016-03-23 New regionalism and globalization have been prominent themes in academic and political debates since the beginning of the 1990s Despite the considerable amount of scholarly attention that the new regionalism has received in recent years its full empirical and theoretical potential has yet to be fully investigated This illuminating study provides an overview of new avenues in theorizing regionalism and proposes a consolidated framework for analysis and comparison Offering a comparative historical perspective of European and Southeast Asian regionalism it presents new and imaginative insights into the theory and practice of regionalism and the links between regional developments globalization and international order

Globalization and American Popular Culture Lane Crothers, 2017-11-10 Now in an updated edition this insightful book explores the ways U S movies music TV fast food sports and even clothing styles have molded and continue to influence globalization Concluding with a projection of pop culture s future impact Crothers argues strongly for its central role in shaping global politics and economic development

[The Effect of Globalization on World Poverty and Income Inequality](#)

Kelvin Okundaye, 2018-03-05 Bachelor Thesis from the year 2016 in the subject Politics Topic Globalization Political Economics grade 1 7 University of Mannheim language English abstract In this paper we will try to determine if any of the theoretical camps are right and if so which one We will first review current literature to clarify which arguments frame the respective pro and con attitudes towards globalization This will include theoretical approaches as well as previous studies done in the field We will then empirically analyze the issue ourselves with the newest available data To do so we will first need to establish practicable definitions of globalization poverty and inequality and then try to find relationships between these factors Lastly we will interpret our results To conclude we will summarize our findings and discuss any limitations of our research

The Oxford Handbook of Transnational Feminist Movements Rawwida Baksh, Wendy Harcourt, 2015-03-25 The Oxford Handbook of Transnational Feminist Movements explores the historical political economic and social contexts in which transnational feminist movements have emerged and spread and the contributions they have made to global knowledge power and social change over the past half century The publication of the handbook in 2015 marks the fortieth anniversary of the United Nations International Women's Year the thirtieth anniversary of the Third World Conference on Women held in Nairobi the twentieth anniversary of the Beijing Declaration and Platform for Action and the fifteenth anniversaries of the Millennium Development Goals and of UN Security Council Resolution 1325 on women peace and security The editors and contributors critically interrogate transnational feminist movements from a broad spectrum of locations in the global South and North feminist organizations and networks at all levels local national regional global and global wider civil society organizations and networks governmental and multilateral agencies and academic and research institutions among others The handbook reflects candidly on what we have learned about transnational feminist movements What are the different spaces from which transnational feminisms have operated and in what ways How have they contributed to our understanding of the myriad formal and informal ways in which gendered power relations define and inform everyday life To what extent have they destabilized or transformed the global hegemonic systems that constitute patriarchy From a position of fifty years of knowledge production activism working with institutions and critical reflection the handbook recognizes that transnational feminist movements form a key epistemic community that can inspire and provide leadership in shaping political spaces and institutions at all levels and transforming international political economy development and peace processes The handbook is organized into ten sections each beginning with an introduction by the editors The sections explore the main themes that have emerged from transnational feminist movements knowledge theory and praxis organizing for change body politics health and well being human rights and human security economic and social justice citizenship and statebuilding militarism and religious fundamentalisms peace movements UNSCR 1325 and postconflict rebuilding feminist political ecology and digital age transformations and future trajectories

Decoding **Globalization A Very Short Introduction**: Revealing the Captivating Potential of Verbal Expression

In a time characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its capability to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring. Within the pages of "**Globalization A Very Short Introduction**," a mesmerizing literary creation penned with a celebrated wordsmith, readers set about an enlightening odyssey, unraveling the intricate significance of language and its enduring effect on our lives. In this appraisal, we shall explore the book's central themes, evaluate its distinctive writing style, and gauge its pervasive influence on the hearts and minds of its readership.

Globalization A Very Short Introduction Introduction

Globalization A Very Short Introduction Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Globalization A Very Short Introduction Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Globalization A Very Short Introduction : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Globalization A Very Short Introduction : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Globalization A Very Short Introduction Offers a diverse range of free eBooks across various genres. Globalization A Very Short Introduction Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Globalization A Very Short Introduction Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Globalization A Very Short Introduction, especially related to Globalization A Very Short Introduction, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Globalization A Very Short Introduction, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Globalization A Very Short Introduction books or magazines might include. Look for these in online stores or libraries. Remember that while Globalization A Very Short Introduction, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Globalization A Very Short Introduction eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Globalization A Very Short Introduction full book , it can give you a taste of the authors writing

style.Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Globalization A Very Short Introduction eBooks, including some popular titles.

FAQs About Globalization A Very Short Introduction Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Globalization A Very Short Introduction is one of the best book in our library for free trial. We provide copy of Globalization A Very Short Introduction in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Globalization A Very Short Introduction. Where to download Globalization A Very Short Introduction online for free? Are you looking for Globalization A Very Short Introduction PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another Globalization A Very Short Introduction. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this. Several of Globalization A Very Short Introduction are for sale to free while some are payable. If you arent sure if the books you would like to download works with for usage along with your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories. Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You will also see that there are specific sites catered to different product types or categories, brands or niches related with Globalization A Very Short Introduction. So depending on what exactly you are searching, you will be able to choose e books to suit your own need. Need to access completely for Campbell Biology Seventh Edition book? Access Ebook without any digging. And by

having access to our ebook online or by storing it on your computer, you have convenient answers with Globalization A Very Short Introduction To get started finding Globalization A Very Short Introduction, you are right to find our website which has a comprehensive collection of books online. Our library is the biggest of these that have literally hundreds of thousands of different products represented. You will also see that there are specific sites catered to different categories or niches related with Globalization A Very Short Introduction So depending on what exactly you are searching, you will be able to choose ebook to suit your own need. Thank you for reading Globalization A Very Short Introduction. Maybe you have knowledge that, people have search numerous times for their favorite readings like this Globalization A Very Short Introduction, but end up in harmful downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they juggled with some harmful bugs inside their laptop. Globalization A Very Short Introduction is available in our book collection an online access to it is set as public so you can download it instantly. Our digital library spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one. Merely said, Globalization A Very Short Introduction is universally compatible with any devices to read.
