## God And Man:

**God, Man, and Mortality** Hasan Horkuc, 2015-04-07 God Man Mortality is a collection of essays written both by seasoned and by up and coming scholars working the field known as Nursi studies The aim of these essays is to hold a mirror up to Nursi's teachings on a number of issues just as Nursi held a mirror up to the teachings of the Qur'an The scope is broad covering subjects such as Divine immanence and transcendence human spirituality and man's role as Divine vicegerent Divine determining and free will and human conscience as evidence of the existence of God The topics presented by the authors are unashamedly theocentric in nature discussions on politics and legal theory are conspicuous by their absence We benefit from the depth of awareness that the contributors clearly have of Nursi's teachings and his place in the Muslim academe as well as from their lucid expository styles and strong authorial voices God-Man George W. Carey, Inez Eudora Perry, 2022-01-04 God Man The Word Made Flesh is a unique book which offers an esoteric interpretation of the Holy Bible The author explains the Bible as a parable for the human body and kundalini awakening Throughout the book the author explains the connection between the law of nature astrology and Christianity **The God-Man** J.D. Crawford,1997-10-06 Why is there a world Does it reflect the presence of God in any way Did the world spontaneously come into existence or is there a creator How will it end Does God Exist Do religions give a coherent view of His existence and nature Can we enter into relation with Him Robert Crawford tries to answer these and other questions by arguing that religion and science complement one another and while they use different sources and methods insights can be gleaned from both concerning our nature the world and God Major attention is given to Christianity because modern science arose in that context but the discussion includes the teachings of five other religions in the hope that we can also learn from them
