Good Strategy Bad Strategy :

Good Strategy Bad Strategy Richard Rumelt, 2011-07-19 Good Strategy Bad Strategy clarifies the muddled thinking underlying too many strategies and provides a clear way to create and implement a powerful action oriented strategy for the real world Developing and implementing a strategy is the central task of a leader A good strategy is a specific and coherent response to and approach for overcoming the obstacles to progress A good strategy works by harnessing and applying power where it will have the greatest effect Yet Rumelt shows that there has been a growing and unfortunate tendency to equate Mom and apple pie values fluffy packages of buzzwords motivational slogans and financial goals with strategy In Good Strategy Bad Strategy he debunks these elements of bad strategy and awakens an understanding of the power of a good strategy He introduces nine sources of power ranging from using leverage to effectively focusing on growth that are eye opening yet pragmatic tools that can easily be put to work on Monday morning and uses fascinating examples from business nonprofit and military affairs to bring its original and pragmatic ideas to life The detailed examples range from Apple to General Motors from the two Iraq wars to Afghanistan from a small local market to Wal Mart from Nvidia to Silicon Graphics from the Getty Trust to the Los Angeles Unified School District from Cisco Systems to Paccar and from Global Crossing to the 2007 08 financial crisis Reflecting an astonishing grasp and integration of economics finance technology history and the brilliance and foibles of the human character Good Strategy Bad Strategy stems from Rumelt s decades of digging beyond the superficial to address hard questions with honesty and integrity

Good Strategy / Bad Strategy Richard Rumelt, 2017-09-07 Even though everyone is talking about it there is no concept in business today more muddled than strategy Richard Rumelt described by McKinsey Quarterly as a giant in the field of strategy and strategy s strategist tackles this problem head on in a jargon free explanation of how to develop and take action on strategy in business politics and beyond Rumelt dispels popular misconceptions about strategy such as confusing it with ambitions visions or financial goals by very practically showing that a good strategy focuses on the challenges a business faces and providing an insightful new approach for overcoming them His sharp analysis and his brilliant bold style make his book stand out from its competitors something that Rumelt himself says is crucial Rumelt has always challenged dominant thinking ever since in 1972 he was the first person to uncover a statistical link between corporate strategy and profitability and this is his long awaited tour de force

Carroll,Jesper B. Sørensen,2021-01-26 Making strategy requires undertaking major often irreversible decisions aimed at long term success in an uncertain future All leaders must formulate a clear course of action yet many lack confidence in their ability to think systematically about their strategy They struggle to apply the abstract lessons offered by conventional approaches to strategic analysis to their unique contexts Making Great Strategy resolves these challenges with a straightforward readily applicable framework Jesper B Sørensen and Glenn R Carroll show that one factor underlies all sustainably successful strategies a logically coherent argument that connects resources capabilities and environmental conditions to desired outcomes They introduce a system for formulating and managing strategy through a set of three core activities visualization formalization and logic and constructive argumentation These activities can be implemented in any organization and are illustrated through examples and case studies from well known companies such as Apple Walmart and The Economist This book shows that while great strategic thinking is hard it is not a mystery Widely applicable and relevant for managers and leaders at all levels especially executive teams charged with

setting the course of their organizations it is essential reading for anyone faced with practical problems of strategic management
