How To Make A Perspective Report:

Investor Relations and ESG Reporting in a Regulatory Perspective Poul Lykkesfeldt, Laurits Louis Kjaergaard, 2022-08-15
Investor Relations and ESG Reporting in a Regulatory Perspective is a comprehensive and detailed practical guide for financial market participants focusing on the stock market written for practitioners by practitioners. The main themes of the book include the challenging integration of investor relations IR and the non financial reporting of environmental social and governance ESG. Further the book provides a comprehensive overview of the complex regulatory framework of the European Union EU related to the financial markets including the expected global trends in this area. This includes financial legislation such as MiFID II MiFIR and MAR along with non financial legislation like the EU's taxonomy CSRD and SFDR. In addition this book explores the non financial reporting standards of GRI TCFD CDSB IBC SASB IRRS and the upcoming ISSB and discusses the UN's Sustainable Development Goals SDGs. In addition the book provides a practical guide regarding IR in special situations e.g. in connection with takeover response manuals. Many professionals working in the fields of IR ESG and communications institutional and retail investors private equity executives venture capitalists investment bankers legal practitioners accountants and auditors financial journalists and politicians. Finally university and business students may benefit from an insight into the dynamics of the financial markets and the direction they are moving a possible inspiration for choosing a future career. **Perspective**, 1999 *How to Write Technical Reports* Lutz Hering, Heike Hering, 2010-10-14

Technical Reports are usually written according to general standards corporate sign standards of the current university or company logical rules and practical experiences. These rules are not known well enough among engineers. There are many books that give general advice in writing. This book is specialised in how to write Technical Reports and addresses not only engineers but also natural scientists computer scientists etc. It is based on the 6 edition published in 2008 by Vieweg in German and is now published as 1 edition by Springer in English. Both authors of the German edition have long experience in educating engineers at the University of Applied Sciences Hannover. They have held many lectures where students had to write reports and took notes about all positive and negative examples that occurred in design reports lab work reports and in theses. Prof. Dr. Lutz Hering has worked for VOLKSWAGEN and DAIMLER and then changed to the University of Applied Sciences Hannover where he worked from 1974 until 2000. He held lectures on Technical Drawing Construction and Design CAD and Materials Science. Dr. Heike Hering worked nine years as a Technical Writer and was responsible for many CAD manuals in German and English. She is now employed at TV NORD Akademie where she is responsible for E Learning projects technical documentation and software training and supervises students who are writing their theses.
