

Adobe Illustrator How To Guide

Creating a film poster

1. Setting up your Film Poster Document in Illustrator

- ✓ Open up **Adobe Illustrator** and click **File > New**.
- ✓ Ensure that you have given your document a title in the **Name** box. The **Profile** should be set to **Custom** and the **Size** should be **A4**. Once you have checked these are set correctly, click **OK**.
- ✓ Your document should open up like so...
- ✓ In **Illustrator** (same as in **Photoshop**), you must create **Layers** to work from. Each time you add a new object/image/text etc., a new layer should be created. Your layers can be monitored in the **Layers Panel**. We create layers so that if you need to edit anything at a later date, you can do so without having to start the poster again.

In this guide, I will be replicating the **Clockwork Orange** image.

- ✓ As you can see in my **Layers Panel**, the **Layer 2** is my background colour of orange.
- ✓ To create a new layer, click the small **New Layer** icon at the bottom of the panel. Do this **EVERY** time you add something new to your poster.

Illustrator User Guide

Nicolas Dufresne

Illustrator User Guide:

If you ally infatuation such a referred **Illustrator User Guide** books that will provide you worth, acquire the no question best seller from us currently from several preferred authors. If you desire to witty books, lots of novels, tale, jokes, and more fictions collections are plus launched, from best seller to one of the most current released.
