Interruptions in Early Modern English Drama

Michael M. Wagoner, 2022-09-22 To interrupt both on stage and off is to wrest power From the Ghost's appearance in Hamlet to Celia's frightful speech in Volpone interruptions are an overlooked linguistic and dramatic form that delineates the balance of power within a scene This book analyses interruptions as a specific form in dramatic literature arguing that these everyday occurrences when transformed into aesthetic phenomena reveal illuminating connections between characters between actor and audience and between text and reader Focusing on the works of William Shakespeare Ben Jonson and John Fletcher Michael M Wagoner examines interruptions that occur through the use of punctuation and stage directions as well as through larger forms such as conventions and dramaturgy He demonstrates how studying interruptions may indicate aspects of authorial style emphasizing a playwright's use and control of a text and how exploring relative power dynamics pushes readers and audiences to reconsider key plays and characters providing new considerations of the relationships between Othello and Iago or Macbeth and the Ghost of Banquo

Shortly after the establishment of the Brown Boveri Research Center in 1967 plans were developed to organize a series of Brown Boveri Scientific Symposia each having a different topic to be held every other year in Baden We choose the subject for a symposium with the following requirements in mind It should characterize a part of a scientific discipline in other words it should concern an area of scholarly study and research It should be of current interest in the sense that important results have recently been obtained and considerable research is underway in the world's scientific community It should bear some relation to the scientific and technological activity of the Company These symposia are intimately related to one of the very basic concepts which have governed the work of many modern manufacturing companies close coupling between science and engineering It is to this coupling that we owe the technical standard of our products and it is this coupling which we hope to be furthered by our symposia *Energy Research Abstracts*, 1992 [The Interruption of Eternity](#) Carl A. Many great people in India's postIndependence history have gone into oblivion only because they were not part of the Nehruvian consensus or refused to adopt models of communism or socialism These forgotten personalities were also proud of India's rich history and dreamt of bringing back its lost glory They believed in the integrity of India and devoted their life to it so that India could rise as leader in the comity of nations Dr Syama Prasad Mookerjee was an unheralded political personality of the 20th century He was a great patriot who renounced his life for the betterment of society His achievements in his short life span were remarkable Pledge for an Integrated India Dr Mookerjee in Throes of Jammu and Kashmir is a tribute to India's unity and solidarity and an answer to those who declared Dr Mookerjee communalist fascist and obscurantist He opposed Nehru's decisions relating to Jammu and Kashmir solely because they were contrary to India's interest He advocated that the Indian nation should have only One Flag One Constitution One Prime Minister and One President This book reveals the failures of Jawaharlal Nehru who was responsible for the imbroglio in Jammu and Kashmir At the same time this book provides a meticulous and unbiased study of Dr Mookerjee's arguments which have been conveniently sidelined over the years

The Interruption That We Are Michael J. Hyde,2018-09-10 In a world of ever increasing medical technology a study of the need for wisdom truth and public moral argument In this provocative and interdisciplinary work Michael J Hyde develops a philosophy of communication ethics in which the practice of rhetoric plays a fundamental role in promoting and maintaining the health of our personal and communal existence He examines how the force of interruption the universal human capacity to challenge our complacent understanding of existence is a catalyst for moral reflection and moral behavior Hyde begins by reviewing the role of interruption in the history of the West from the Big Bang to biblical figures to classical Greek and contemporary philosophers and rhetoricians to three modern thinkers S ren Kierkegaard Martin Heidegger and Emmanuel Levinas These thinkers demonstrate in various ways that interruption is not simply a heuristic tool but constitutive of being human After developing a critical assessment of these thinkers Hyde offers four case studies in public moral argument that illustrate the applicability of his findings regarding our interruptive nature These studies feature a patient suffering from heart disease a disability rights activist defending her personhood a young woman dying from brain cancer who must justify her decision against staunch opposition to opt for medical aid in dying and the benefits and burdens of what is termed our posthuman future with its accelerating achievements in medical science and technology These improvements are changing the nature of the interruption that we are yet the wisdom of such progress has yet to be determined Much more public moral argument is required Hyde's philosophy of communication ethics not only calls for the cultivation of wisdom but also promotes the fight for truth which is essential to the livelihood of democracy **The**

Rhetoric of Interruption Daniel Lynwood Smith,2012-08-31 Why are so many speakers interrupted in Luke and in Acts For

nearly a century scholars have noted the presence of interrupted speech in the Acts of the Apostles but explanations of its function have been limited and often contradictory A more effective approach involves grounding the analysis of Luke Acts within a larger understanding of how interruption functions in a wide variety of literary settings An extensive survey of ancient Greek narratives epics histories and novels reveals the forms frequency and functions of interruption in Greek authors who lived and wrote between the eighth century B C E and the second century C E This comparative study suggests that the frequent interruptions of Jesus and his followers in Luke 4 28 Acts 4 1 7 54 57 13 48 etc are designed both to highlight the pivotal closing words of the discourses and to draw attention to the ways in which the early Christian gospel was received In the end the interrupted discourses are best understood not as historical accidents but as rhetorical exclamation points intended to highlight key elements of the early Christian message and their varied reception by Jews and Gentiles
