

INTRODUCTION TO PHILOSOPHY Essay

The term Philosophy signifies the adoration for knowledge. In a wide sense, philosophy is an action people attempt when they try to comprehend essential truths concerning their welfare and also the world and the link they have to the world and each other. As a scholastic control theory is much the same. The individuals who study philosophy are never-endingly occupied with asking, replying, and contending for their solutions forever's most fundamental inquiries. Methodology can be defined as an arrangement of expansive standards or principles from which particular strategies might be determined to translate or tackle distinctive issues inside the extent of a specific discipline.

There are various ways in which Socrates demonstrates what it takes to be a philosopher. The first is through his ignorance as he had not recognized that he had wisdom in him. He gives an example of the craftsmen who possess the proper understanding of their craft but claim to know much than they know. This awareness of the absence of understanding is what is termed as Socratic ignorance. This made Socrates challenge many Athens concerning what they claimed to know and proved them otherwise. Secondly is the care about the soul where Socrates maintained that a person ought to prioritize his soul than anything else in the world (Ambury, 2013). Socrates believed that many people do value their wealth, bodies and reputation more than their souls. The mission that Socrates was sent to undertake of caring for the souls extended to the Athens. He argues that the City of Athens was a gift from God so as he can enhance the city. Without philosophical request, the popular government gets to be stagnant and careless, in threat of hurting itself as well as other people. The last thing that demonstrates that Socrates was a philosopher is through the concept of unexamined life. Socrates after he was convicted and a life sentence was applied to him, he tells the court that he will never maintain silence as unexamined life is not a good life for the human beings. Therefore, Socrates believed that we are supposed to defend our lives and maintain those views that dictate what a meaning life should be. The reason for the analyzed life is to reflect upon our ordinary inspirations and values and to in this way ask into what genuine worth, assuming any, they have. Plato calls it the imperceptible looks of things. It can be a figure. Plato trusts that there is somebody shape that all comparative
