**My Journey at the Nuclear Brink** William Perry, 2023-05-25 Perry has long been one of the more strenuous advocates for confronting the dangers of the nuclear age and his engaging memoir explains why Foreign Affairs My Journey at the Nuclear Brink is a continuation of former Secretary of Defense William J Perry's efforts to keep the world safe from a nuclear catastrophe It tells the story of his coming of age in the nuclear era his role in trying to shape and contain it and how his thinking has changed about the threat these weapons pose In a remarkable career Perry has dealt firsthand with the changing nuclear threat Decades of experience and special access to top secret knowledge of strategic nuclear options have given Perry a unique and chilling vantage point from which to conclude that nuclear weapons endanger our security rather than securing it This book traces his thought process as he journeys from the Cuban Missile Crisis to crafting a defense strategy in the Carter Administration to offset the Soviets' numeric superiority in conventional forces to presiding over the dismantling of more than 8 000 nuclear weapons in the Clinton Administration and to his creation in 2007 with George Shultz Sam Nunn and Henry Kissinger of the Nuclear Security Project to articulate their vision of a world free from nuclear weapons and to lay out the urgent steps needed to reduce nuclear dangers Perry's authoritative memoir is a clear sobering and for many surprising warning that the danger of a nuclear catastrophe today is actually greater than it was during that
