Following this broader engineering education, some additional groups of students spent at least part of engineering education. These included some international students, some students who returned to military or nonengineering school, some who returned to work in the field, and some who returned to engineering school for graduate study. These students contributed to the data in a different way than the students who had not returned to engineering school. The data for these students were collected from a different source than the data for the students who had not returned to engineering school.
