

“GANDHI”

In order to get the most out of this film it would probably be wise to do some background research on India and, particularly, its relationship with Britain, on the history of Pakistan – and on Mahatma Gandhi himself. The film is long, chances are you won't see it more than once, so it is best to prepare well if you really want to understand and enjoy it to the full.

QUESTIONS AND ASSIGNMENTS

- 1) Briefly describe the life story of Mahatma Gandhi: his profession, his struggle and aspirations, his movements across countries, major landmarks of his biography as pictured in the film.
- 2) What was the situation in India back then? Describe the major events of the British-Indian relationship (it probably would need some research on your part). Where was this relationship at the time of Gandhi's life and work?
- 3) State in your own words (or you can quote different people in the film) the case of Britain and the case of India in their debate about India's independence. Can you relate to either of them?
- 4) Describe the situation with the Hindu and Muslim believers in India back then (again, this might need some extra research, but the film is pretty clear in itself). What were the solutions offered by various people, including the Muslim leader in the government and Mahatma Gandhi? What was the solution finally accepted? How did it work out?
- 5) What was Gandhi's main philosophy? What was his response to violence? Which instances in the film that best show his views?
- 6) What ideas of Gandhi did you find especially powerful / poignant / disturbing / beautiful / incredible / impracticable? Why do you think they produced such a reaction in you?

Possible topics for personal research and meditation (resulting in an essay)

- 1) What is your personal and practical response to this film and to the person of Mahatma Gandhi? Please be as specific as you can. Is anything in your life going to change after you have seen this and thought about it?
- 2) What was Gandhi's view on people of different religious persuasions living in the same country / world? How viable and realistic is his solution, considering the history of mankind? Can you quote any other similar philosophies? What would need to happen for this philosophy to take root in people's minds and hearts?
- 3) What was Gandhi's response to violence? What is your personal take on that? Could it indeed become a universal response? Can you think of other historical personages embracing the same thinking – what was the outcome there? What is your personal response to violence of various kinds?
