National Conference, 2000 **Reimagining Nigeria's Educational System** Joseph A. Balogun, 2023-09-20 This book assesses the challenges within the Nigerian educational system and provides a concrete plan to revitalize the low performing system by strengthening high stakes testing at all levels In Nigeria many

citizens believe that the solution to the country's low performance in education is to eliminate high stakes standardized testing. High stakes testing refers to applying standardized student achievement tests as a primary mechanism to evaluate students, teachers, and their school's performance. This book argues that the poor quality of education and low ranking of Nigeria's educational system is not related to the negative consequences of high stakes testing but rather is due to many intrinsic factors. By conducting a comparative analysis of six high performing education systems worldwide, the book offers a comparative summative evaluation of the educational system and offers recommendations. This book will be of interest to policymakers and scholars in the fields of African education, higher education quality, and global studies. African studies, management, and administration, leadership, and professional development studies.

Joseph Abiodun Balogun is former Dean and retired Distinguished University Professor at the College of Health Sciences, Chicago State University, USA. Visiting Professor, Program Consultant at the Centre of Excellence in Reproductive Health Innovation, University of Benin, Nigeria, and President/CEO, Joseph Rehabilitation Center, Tinley Park, Illinois, USA.

Problems and Prospects of Sustaining Democracy in Nigeria Bamidele A. Ojo, 2001. The past few years have been very traumatic ones for many Nigerians. With the exception of those in power or close to the seat of power, the changes of 1998 were a welcome relief given the tyranny and repression that the country had suffered under General Abacha. With many people in prison and more in exile, the death of Abacha was received with a sigh of relief. Many observers have seen the resilience that has come to signify the strength and potential of this once giant of Africa, as well as the destruction and the socio-political and economic decay of the past decades. The Nigerian people have endured the exploitation of their rights due to the lack of democratic leadership, and with this in mind, they have been called to attention to fight for their country.
