Congress. House. Committee on Ways and Means,1949 You Got That From Me Trecia Willcutt,2022-07-18 How does a parent learn to love their children How is it possible to love a person before you have ever even met them What makes a parent s heart so willing to sacrifice their sleep their money their time and their entire heart to another human being Why does a parent continue to love their children even after the sometimes tumultuous pre teen teen age and early adult years What makes a parent s love ever present always able to see the absolute best and never fail regardless of their children s

words or actions I assure you that it is not because we are all wonderful people who possess patience beyond understanding It is not because we have read 300 books on how to be the best parent ever It is because we are created in the Father s image Our heavenly Father created us to love as he loves unconditionally patiently faithfully enduringly without regret remorse hostility or anger As I reflected on my own unconditional love for my children and my grandchildren I soon realized that I Got That From Him

Principles of Healing Dr. Joshua Joy Dara Sr.,2016-04-23 For years I was skeptical about divine healing I thought that it was too good to be true But one day I got very sick and I needed help Like anyone with common sense I went to the hospital to be treated by medical Doctors I sought for the best of them because I could afford it and I certainly wanted to live To my surprise I found out that those Doctors are humans and they don t have all the answers They did the best they could for me but my condition did not improve So I sought God and He healed me fully and completely I discovered that there is something that is impossible with men but with God all things are possible Luke 18 27 This book is not intended to bash the medical Doctors To the contrary I actually admire them But for Doctors many people would have died before their time So I am not anti Doctors Instead this book is intended to share with you a practical way to get healed When the Doctors have done all they could do for you it is good to know that there is a God who can heal your body and He has never lost a patient More so God s method is very effective He works through Doctors but He can heal without them With God there are no prescription drugs no recovery room and no need for a follow up appointment In short this book is not a fiction of someone s imagination It is a practical guide to God s divine healing If you need healing and you really want to know how God can heal you I seriously encourage you to read this book Believe me your life will never be the same again
