Demystifying Global Macroeconomics John E.

Marthinsen, 2020-02-10 Demystifying Global Macroeconomics DGM provides readers with a practical working use of international macroeconomics. For serious business and political leaders, understanding the global interconnections in economic and financial markets is crucial for making informed and well-timed decisions. DGM takes the mystery out of seemingly complex economic interactions by providing an easy-to-understand framework within which to analyze the effects of economic, social, and political shocks to a nation's economy. John E. Marthinsen integrates the three major macroeconomic sectors, which are the credit market, goods and services market, and foreign exchange market. The author provides the reader with contemporary examples that virtually leap off the front pages of our daily news reports and confront business managers and politicians with choices and decisions to make. For example, DGM shows how to use macroeconomic tools and a global framework to analyze the effects of U.S. tariffs on China and China's tariffs on the United States. Infrastructure spending. Speculative capital outflows from nations under stress, such as Argentina and Turkey, and speculative capital inflows into safe haven countries, such as Switzerland. Demonetization in India. Successfully fighting the opioid abuse problem in the United States. Border adjustment tax. Monetary policies. Fiscal policies. Marthinsen keeps readers visually engaged with the strategic use of figures, tables, charts, and illustrative exhibits. Demystifying Global Macroeconomics emphasizes the interaction among markets and equips readers with a macroeconomic perspective that will last and be used for years. How I Won the Yellow Jumper Ned Boulting, 2011-06-02 Paris 4 July 2003 My first Tour de France I had never seen a bike race. I had only vaguely heard of Lance Armstrong. I had no idea what I was doing there. Yet that day I was broadcasting live on television. I fumbled my way through a few platitudes before summing up with the words Dave Millar just missing out on the Yellow Jumper. Yes, the Yellow Jumper. Follow Ned Boulting's occasionally excruciating experiences covering the world's most famous cycling race. His story offers an insider's view of what really goes on behind the scenes of the Tour. From up close and personal encounters with Lance Armstrong to bewildered mishaps with the local cuisine, Ned's been there, done that, and got the crumpled looking t-shirt. Eight Tours on from Ned's humbling debut, he has grown to respect, mock, adore, and crave the race in equal measure. What's more, he has even started to understand it. Includes *How Cav Won the Green Jersey* Short Dispatches from the 2011 Tour de France.
