La vie ne m'apprend rien Pierre Fons, 2023-08-21 La vie ne m'apprend rien d'voile le parcours de Vincent un jeune homme audacieux la fois loyal en amour et en amitié Au fil du temps il sera confronté aux vicissitudes de la vie oscillant entre des moments de bonheur intense et les blessures les plus profondes Saura-t-il puiser en lui la force nécessaire pour chapper la dépression et une spirale infernale PROPOS DE L'AUTEUR En mettant en scène la vie de son personnage principal Pierre Fons cherche à transmettre un message fort sur l'importance de la résilience en soulignant la nécessité de se relever après chaque preuve et de discerner la lueur d'espoir qui claire le bout du tunnel

La vengeance de Pan Anna Katmore, 2023-11-16 Que se passe-t-il quand on n'a plus de pensées heureuses Cela fait des semaines qu'Angelina a quitté Neverland D'espérer James Hook est prêt tout pour la retrouver dans cette étrange ville nommée Londres Mais il commet une grave erreur lourde de conséquences Des conséquences qui changent tragiquement la vie de son ancien ennemi juré Peter Pan Ce dernier jure de se venger Et que pourrait-il faire de pire que voler la jeune femme dont Hook est tombé amoureux Lorsque James arrive enfin Londres le pirate doit se battre de toutes ses forces pour l'amour de sa vie et affronter un garçon qui a finalement grandi

parcours d'un jeune chrétien en quête de vérité Mohammed-Jawad Al-Balaghi, Saisissant par la force de son argumentation convainquant par la limpidité de ses preuves imposant par la masse d'informations qu'il apporte et passionnant par la délicatesse des sujets qu'il traite ce livre de Mohammed Jawad al-Balaghi nous plonge dans l'une des plus importantes et probablement la plus méthodique des études critiques réalisées sur l'Ancien et le Nouveau Testaments Initialement la majeure partie de cette critique était destinée à l'Ancien Testament mais compte tenu de l'intensité de l'action évangéliste au moment de la critique de ce livre il était devenu impératif en réponse ce phénomène de réserver une partie du moins tout aussi importante la critique du Christianisme dans sa forme actuelle Ainsi il s'agissait en particulier de souligner l'exagération pour ne pas dire de montrer l'absurdité de ce qui fait l'essentiel des enseignements des deux Testaments en d'autres termes en révéler les incohérences dont voici quelques unes L'erreur de la Trinité Le caractère insensé de donner les attributs de Dieu Jésus Les nombreux changements subits par la Bible à travers le temps La non-conformité des traductions de la Bible courante la version hébraïque que L'absence dans l'Ancien Testament de sujets ayant trait à l'au-delà tels que la Résurrection Les innombrables contradictions qui parsèment la Bible courante Le préjugé portant l'image des prophètes par la Bible courante

Le caractère injuste et immoral de beaucoup de préceptes de l'Ancien Testament La singularité de l'interprétation de Paul pour le Christianisme Les contradictions apportées par le Nouveau Testament l'Ancien Testament pour ne citer que ces quelques exemples C'est encore travers la même approche que tout au long de la seconde moitié de ce présent ouvrage notre illustre savant repousse par des arguments irréfutables les thèses du courant matérialiste les unes après les autres en passant au tamis le darwinisme de même que toute la théorie de l'évolution

Le côté obscur de la Loi divine dans la Bible et dans le Coran Pierre Cazalas, 2018-11-21 T00:00:00Z La Bible et le Coran comportent une partie descriptive et une partie prescriptive Si leur partie descriptive est assez bien connue la création du monde le paradis terrestre le Déluge Abraham et sa descendance Moïse et l'engloutissement dans la mer de la cavalerie de Pharaon le veau d'or les tables de la Loi etc en revanche leur partie prescriptive est assez peu connue dans le détail Or celle-ci présente un côté parfois surprenant et problématique appel ici son côté obscur Ce livre présente et compare cette partie prescriptive dans la Bible et dans le Coran en citant largement les textes correspondants tout en les situant dans leur contexte historique et littéraire
