[New Articles](#)

This is a large (+9Mb) collection of articles related to Neo-Paganism which can be found archived at a number of FTP sites (for instance, [here](#)). This is a collection of posts to bulletin boards from the late eighties to the mid nineties, essentially predating the modern Internet. According to a recent communication, the original editor of this archive was Durwydd mac Tara at PODS net. We acknowledge Durwydd's hard work to preserve this archive. For ease of access, we have converted this archive to HTML using a C program. There are a number of technical difficulties with this collection including runtogetherwords in many places, problems with the table of contents and huge inconsistencies in pagination; due to the volume of this material we have left these intact for now.

We have taken the liberty of removing about twenty-five articles which were too far 'off topic', posted elsewhere at this site, or had serious copyright issues. Three articles have been removed at the request of the authors. Other than the omitted articles we have made no attempt to alter any of the content.
