Behavioural Economics and the Environment Alessandro Bucciol, Alessandro Tavoni, Marcella Veronesi, 2023-02-15 Humans have long neglected to fully consider the impact of their behaviour on the environment From excessive consumption of fossil fuels and natural resources to pollution waste disposal and in more recent years climate change most people and institutions lack a clear understanding of the environmental consequences of their actions The new field of behavioural environmental economics seeks to address this by applying the framework of behavioural economics to environmental issues thereby rationalizing unexplained puzzles and providing a more realistic account of individual behaviour This book provides a complete and rigorous overview of environmental topics that may be addressed and in many instances better understood by integrating a behavioural approach This volume features state of the art research on this

topic by influential scholars in behavioural and environmental economics focussing on the effects of psychological social and cognitive factors on the decision making process It presents research performed using different methods and data collection mechanisms e g laboratory experiments field experiments natural experiments online surveys on a variety of environmental topics e g sustainability natural resources This book is a comprehensive and innovative tool for researchers and students interested in the behavioural economics of the environment and in the design of policy interventions aimed at reducing the human impact on the environment

Assessment John Salvia,James E. Ysseldyke,1995 Most educators are convinced we need to do a better job of assessing students either with new tests or new applications of tests All argue that at this very critical time it is imperative that educators be very knowledgeable about assessment and the ways assessment information is used to make decisions about students The book is intended for a first course in assessment for those whose careers require understanding and informed use of assessment data The primary audience comprises those who are or will be teachers in special education at the elementary or secondary level In writing for those who are taking their first course in assessment we have assumed no prior knowledge of measurement and statistical concepts Pref
