Going back to World War II Jeeps have had a special place in America's heart. The utility vehicle that helped win the war transitioned into the civilian Jeep or CJ and the Jeep brand has had several owners over the years. While still remaining wildly popular, it has evolved. The Wrangler version of the Jeep was transformed with the release of the JK for the 2007 model year. With a more practical 4-door version, this Wrangler became a popular vehicle for year-round use, which appealed to off-roaders as well as soccer moms. For the 2017 model year, Jeep seriously upgraded the Wrangler, which is now dubbed the JL, and added an exciting new model, the Gladiator or JT, which is essentially a pickup version of the Wrangler. In Jeep Wrangler JL and Gladiator JT Performance Modifications, Jeep experts Don Alexander and Quinn Thomas introduce you to these new models and walk you through the capabilities and options for all of the trim levels. Then they examine how to make these things better, system by system. Suspension, steering, and brakes are covered, as they are the heart of any off-road rig. Also examined are modification options for axles, driveshafts, and differentials, as well as bumpers, armor, and protection. Of course, off-roaders need a quality winch, recovery gear, and upgraded electrics, so options are explored here as well. Wheels and tires are also very important for those leaving paved roads, and upgrade options for all of the trim levels and lift levels are covered thoroughly. Whether you want to build a JL or JT to be a serious rock crawler or simply look like you are going off-road, all of your options are thoroughly explained in this book. More than 600,000 units were built during the war years, which led to a surplus sale in 1946 when veterans with firsthand knowledge of their capability bought them. When off-road racing began, Jeep was there, and when the first sanctioned race was run in 1967 down the Baja peninsula, Jeep was in the winner's circle. Jeep vehicles dominated the off-road racing scene and captured coveted titles in the Mint 400, Baja 500, and desert racing's crowning achievement, the Mexican 1000 Baja 1000. As the first generation CJ gave way to the second generation machine, racing Jeeps found success in competition and continue to do so to this day. Not only will you read about Jeep's greatest achievements in off-road racing, but you also will hear the tales of their wranglers, including Brain Chuchua, Larry Minor, Roger Mears, Rod Hall, Sherman Balch, J. M. Bragg, Ray Russell, the Randall family, David Bryan, and more. The famous Jeeps that are covered include the Budweiser Jeep, Honcho, celebrity CJ 7s, Holy Toledo, Don Adams's CJ 7, and more. Written by off-road racing historian John Elkin, this book is the most comprehensive collection of content that has ever been produced on this subject.
