perdita un romanzo che trascende generi e categorie un vero e proprio classico contemporaneo *The Afterlife in Popular Culture* Kevin O'Neill, 2022-06-17 The Afterlife in Popular Culture Heaven Hell and the Underworld in the American Imagination gives students a fresh look at how Americans view the afterlife helping readers understand how it is depicted in popular culture What happens to us when we die The book seeks to explore how that question has been answered in American popular culture It begins with five framing essays that provide historical and intellectual background on ideas about the afterlife in Western culture These essays are followed by more than 100 entries each focusing on specific cultural products or authors that feature the afterlife front and center Entry topics include novels film television shows plays works of nonfiction graphic novels and more all of which address some aspect of what may await us after our passing This book is unique in marrying a historical overview of the afterlife with detailed analyses of particular cultural products such as films and novels In addition it covers these topics in nonspecialist language written with a student audience in mind The book provides historical context for contemporary depictions of the afterlife addressed in the entries which deal specifically with work produced in the 20th and 21st centuries **Moving Beyond Personal Loss to Societal Grieving** Michelle M. Falter, Steven T. Bickmore, 2018-11-23 Moving Beyond Personal Loss to Societal Grieving considers how secondary English language arts teachers and teacher educators can sensitively and thoughtfully teach pieces of literature in their classrooms in which large scale deaths are a significant if not central aspect of the texts As mass shootings and violence against black and brown bodies increase and issues such as AIDS war and genocide remain important to discuss as part of a shared critical and social consciousness this book provides resources for educators to directly tackle and discuss these topics through the texts they read in their ELA classrooms Whether it is canonical or contemporary literature middle grades or young adult literature fiction nonfiction or graphic novels literature provides a vehicle to have these difficult but needed conversations about not only the personal but social effects of death and grief in our society Each chapter in this book focuses on 1-2 texts and provides practical activities that ask students to engage with death dying and loss through writing assignments projects activities and discussion prompts in order to build empathy understanding and develop critically minded and engaged students Moving Beyond Personal Loss to Societal Grieving will be of interest to English language arts teachers teacher educators librarians and scholars who wish to explore with their students the complex emotions that revolve around discussing deaths that occur in literature **Film and the Afterlife** David Rankin, 2019-07-15 This book explores how post death existence is represented in popular film looking at issues such as continuity personal identity and the nature of existence beyond the grave Film often returns to the theme of dying death and the afterlife both directly and indirectly because there are very few subjects as compelling and universal The book compares the representation of death dying and the afterlife in films to scholarly surveys of attitudes towards life after death through the analysis of twenty films made between the end of World War II and now It looks at the portrayals of stages between death and a final destination spatio

temporal and personal continuity the nature of afterlife existence in terms of embodiment or not and the contact between the worlds of the living and the dead This book offers a wide ranging view on a compelling subject in film As such it will be of great interest to scholars of Religion and Film Religion and Media the Philosophy of Religion and the Sociology of Religion as well as Religion Media and Film Studies more generally
