

Works Cited Page Example

The image shows a screenshot of a word processing document titled "Works Cited". The page contains a list of references. Annotations with red arrows point to specific formatting details: a hanging indent at the top left, the centered title "Works Cited", a page number "1" in the top right, and the return key at the end of each entry line. On the left side, three red text boxes provide additional instructions: entries are alphabetical by author's last name, use the first letter of the title if no author is present, and consult the MLA Style Manual for more specifics.

Hanging indent is set.

centered
Works Cited

Page number is in consecutive order after the last page of text.

Entries are in alphabetical order by author's last name.

If no author, use the first letter of the article title.

Consult the MLA Style Manual for more specifics.

Return only after an entry is completed. This allows the hanging indent to work in the entry.
