Bradley, 2021-01-19 Winner 2019 Anna Julia Cooper and C L R James Award given by the National Council for Black Studies Finalist 2019 Pauli Murray Book Prize in Black Intellectual History given by the African American Intellectual History Society Winner 2019 Outstanding Book Award given by the History of Education Society The inspiring story of the black students faculty and administrators who forever changed America's leading educational institutions and paved the way for social justice and racial progress The eight elite institutions that comprise the Ivy League sometimes known as the Ancient Eight Harvard Yale Princeton Penn Columbia Brown Dartmouth and Cornell are American stalwarts that have profoundly influenced history and culture by producing the nation's and the world's leaders The few black students who attended Ivy League schools in the decades following WWII not only went on to greatly influence black America and the nation in general but unquestionably awakened these most traditional and selective of American spaces In the twentieth century black youth were in the vanguard of the black freedom movement and educational reform *Upending the Ivory Tower* illuminates how the Black Power movement which was borne out of an effort to edify the most disfranchised of the black masses also took root in the hallowed halls of America's most esteemed institutions of higher education Between the close of WWII and 1975 the civil rights and Black Power movements transformed the demographics and operation of the Ivy League on and off campus As desegregators and racial pioneers black students staff and faculty used their status in the black intelligentsia to enhance their predominantly white institutions while advancing black freedom Although they were often marginalized because of their race and class the newcomers altered educational policies and inserted blackness into the curricula and culture of the unabashedly exclusive and starkly white schools This book attempts to complete the narrative of higher education history while adding a much needed nuance to the history of the Black Power movement It tells the stories of those students professors staff and administrators who pushed for change at the risk of losing what privilege they had Putting their status and sometimes even their lives in jeopardy black activists negotiated protested and demonstrated to create opportunities for the generations that followed The enrichments these change agents made endure in the diversity initiatives and activism surrounding issues of race that exist in the modern Ivy

League Upending the Ivory Tower not only informs the civil rights and Black Power movements of the postwar era but also provides critical context for the Black Lives Matter movement that is growing in the streets and on campuses throughout the country today As higher education continues to be a catalyst for change there is no one better to inform today's activists than those who transformed our country's past and paved the way for its future *ICEL2016-Proceedings of the 11th International Conference on e-Learning* Prof. Dr. Rozhan M. Idrus and Dr Nurkhamimi Zainuddin, 2016 Higher Education Pathways Ashwin, Paul, Case, Jennifer M., 2018-12-14 In what ways does access to undergraduate education have a transformative impact on people and societies What conditions are required for this impact to occur What are the pathways from an undergraduate education to the public good including inclusive economic development These questions have particular resonance in the South African higher education context which is attempting to tackle the challenges of widening access and improving completion rates in a system in which the segregations of the apartheid years are still apparent Higher education is recognised in core legislation as having a distinctive and crucial role in building post apartheid society Undergraduate education is seen as central to addressing skills shortages in South Africa It is also seen to yield significant social returns including a consistent positive impact on societal institutions and the development of a range of capabilities that have public as well as private benefits This book offers comprehensive contemporary evidence that allows for a fresh engagement with these pressing issues **ICMLG2016-4th International Conference on Management, Leadership and Governance** Dmitry Vasilenko and Natalia Khazieva, *Accessing Post-School Studies* Venicia McGhie & Madge du Preez, 2017-12-01 Accessing Post School Studies A student's GPS to successful learning makes a valuable contribution to often problematic and pertinent South African higher education issues such as student access and success student learning student support and student engagement In this regard the authors draw on the works of higher education theorists such as Kuh Tinto Marton and Sij The book is primarily a helpful resource for South African learners in school students at universities life orientation teachers as well as parents of prospective university students It will especially assist students to adapt to the university environment Prof Victor N Teise Sol Plaatje University Kimberley South Africa **Uprooting University Apartheid in South Africa** Teresa A. Barnes, 2018-12-07 South Africa continues to be an object of fascination for people everywhere interested in social justice issues postcolonial studies and critical race theory as manifested by the enormous worldwide attention given to the RhodesMustFall movement In this book Teresa Barnes examines universities complex positioning in the apartheid era and argues that tracing the institutional legacies left by pro apartheid intellectuals are crucial to understanding the fight to transform South African higher education A work of interpretive social history this book investigates three historical dynamics in the relationship between the apartheid system and South African higher education First it explores how the legitimacy of apartheid was historically reproduced in public higher education Second it looks at ways that academics maneuvered through and influenced national and international discourses of political freedom

and legitimacy Third it explores how and where stubborn tendrils of apartheid era knowledge production practices survived into and have been combatted during the democratic era in South African universities

Impact of Immigration and Xenophobia on Development in Africa Mafukata, Mavhungu Abel, 2020-12-25 Human movement has an influence on the socio economic dynamics of people regions and countries The schisms between host and immigrants impact how host countries utilize immigrant skills and expertise to benefit their economies However immigrants are impacted by negative diplomatic relations between countries that limit the free movement of people and the welfare of immigrants In association this brings about social challenges such as Afrophobia racism xenophobia hatred and violence within these countries While these challenges are deeply rooted across the world Africa has its own unique challenges Still struggling with massive underdevelopment Africa needs to remove all the negative factors that could impede its quest of achieving development imperatives *Impact of Immigration and Xenophobia on Development in Africa* analyzes the genesis and evolution of immigration in Africa and how this has resulted in social challenges such as xenophobia within the continent The book focuses on demonstrating how immigrant skills and expertise can be positively utilized to assist African development and asserts the existence of xenophobia in respective countries does not assist Africa s quest of resolving its own challenges The chapters within this book therefore explore how this subsequent output of xenophobia has impacted African development and focuses on the revival of Pan Africanism as a uniting instrument and ideology for Africans This book is a valuable reference tool for activists retired and practicing politicians governments policymakers practitioners stakeholders researchers students and academicians

Arming Black Consciousness Toivo Tukongeni Paul Wilson Asheeke, 2023-06-08 Since 1994 as the ruling party in South Africa the ANC have become synonymous with and indivisible from the fight against apartheid rule This has left little space for competing accounts visions and political projects to find their appropriate place in the historical narrative In this innovative book Toivo Asheeke moves beyond these well trodden histories to tell the previously neglected story of the Black Consciousness Movement BCM a militant revolutionary nationalist wing of the anti colonial struggle Using archival sources from four countries and interviews with former veterans of the movement Asheeke explores the BCM s engagement with guerrilla warfare community feminism and Black Internationalism Uncovering the personal and political histories of those who have previously received scant scholarly attention Asheeke both illuminates the history of Africa s decolonization struggle and that of the wider Cold War

Decolonising Colonial Education Mhango, Nkwazi Nkuzi, 2018-09-24 This book on decolonising education chastises heartens and invites academics to seriously commence academic and intellectual manumission by challenging the current toxic episteme the Western dominant Grand Narrative that embeds espouses and superimposes itself on others It exhorts African scholars in particular to unite and address the bequests of colonialism and its toxic episteme by confronting the internalised fabrications hegemonic dominance lies and myths that have caused many conflicts in world history Such a toxic episteme founded on problematic experiments theories

and praxis has tended to license unsubstantiated views and stereotypes of others as intellectually impotent moribund and of inferior humanity The book invites academics and intellectuals to commit to a healthy dialogue among the world's competing traditions of knowing and knowledge production to produce a truly accommodating and inclusive grand narrative informed by a recognition of a common and shared humanity
